Auditors Report	Replies of the Departmental replies and Chief Accountant's remarks.
Cash in hand (with the Treasurer)	
(a) Against the balance of Rs. 11,86,0[illegible] "In cash", that shown in the cash book of the Treasurer was Rs. 9,82,616 6 9. The excess of Rs. 2,05,42[illegible] 14 5¼ was due to the following items:—	Para 6 (b). The Chief Accountant reports:— No remarks except for the last paragraph. In reply to paragraphs 7, 12 (a) and 9 of the Audit Reports for 1930-31, 1934-35 and 19[illegible] respectively we have already pointed out that our method of treatment of the morning collection of 1st April is perfectly in order and that the procedure suggested by the Auditors is wrong and cannot be accepted. It is expected that the Government will be pleased to reconsider the decision already given by them in the matter. The question is engaging the attention of the Finance Committee in connection with the further remarks of the Government Auditors on the replies of the Corporation to the Audit Report for 1934-35 (Para 1[illegible] (a).)
(a) Amount of collection credited in the Treasurer's cash book on the morning of the 1st April 1937 but not counted for in the cash book of the Corporation on the 31st March 1937 — Rs. 2,02,972 14 1	
(b) Short credit being—	
(i) Amount of cheques on non-clearing banks dishonoured before credit in the Bank Pass Book — Rs. 2,411 2 3	
(ii) Bank commission on parties' cheques — 43 13	
(iii) Difference between the cash shown in the Treasurer's cash book as remitted to the Bank and that credited by the Bank to the Corporation accounts — 0 0 1¼ — 2,454 15 7¼	
2,0[illegible] 7 11 [illegible]	
It might (?) [illegible] adjusted.	
The impropriety of the inclusion of the [illegible] 1st April in the cash book of the Corporation for the 31st March [illegible] as at (a) above was pointed out in previous audit reports and Government ordered on the 6th October 1936 that if it was desired to report such collection this should be done by a note attached to the accounts. This has [illegible] been given effect to in the accounts for the year 1936-37.	
Cash in Bank (Imperial Bank Current Account).	
(c) Against the sum of Rs. 6,53,616 7 4 shown in the cash book as being "In bank" the balance actually in the Imperial Bank of India at the credit of the Municipal Fund on the 31st March 1937, amounted to Rs. 9,95,561 9 3. The discrepancy of Rs. 3,41,945 1 11 is explained below.	Para 8 (c). The Chief Accountant reports:— The correct amounts for "cheques on clearing banks dishonoured after credit in the Pass Book" and "Bank charges" are Rs. 30,049 5/8 and Rs. 15/6/6 and not Rs. 30,048/5/8 and Rs. 16/6/6 respectively as reported by the Auditors.

Balance as per cash book		Rs.	6,53,616 7 4
Add, amount of uncashed cheques issued by the Corporation		Rs.	3,72,009 14 1
Total		Rs.	10,25,626 5 5
Deduct, amount of cheques on clearing banks dishonoured after credit in the Pass Book	Rs. 30,048 5 8		
Bank charges	Rs. 16 6 6		
		Rs.	30,064 12 2
Balance in the Imperial Bank		Rs.	9,95,561 9 3

Dishonoured cheques.

9. Out of the dishonoured cheques referred to in the last two paragraphs, 27 amounting to Rs. 8,518-13-3 were still pending disposal on the 30th November, 1937. Of these, 10 for a total amount of Rs. 916-6-3 are pending cancellation being irrecoverable. As regards the rest, a decree was obtained in 1933, in respect of a cheque for Rs. 284-5-0 but nothing could be realised, and suits were stated to be in contemplation in the remaining cases. These included. 3 cheques for an aggregate sum of Rs. 1,175-15-0 received more than 3 years back.

PARA 9.—The Chief Accountant reports :—
On a reference from this Department, the Auditors have corrected the number and amount to "26" cheques and "Rs. 8,495/2/3" respectively.
The balance of Rs. 8,495-2-3 was reduced to Rs. 7,112/14/9 in 21 cheques on 31st March, 1938
The Chief Law Officer reports :—
In the absence of details of the Cheques referred to by the Auditors, it is not possible for me to state the action taken in respect of each. I do not understand how the figure of Rs. 916-6-0 has been arrived at by the Auditor. It appears from our records that five cheques amounting to Rs. 370-10-6 were recommended for cancellation by the Law Department Special Committee and they are pending before the Corporation. As regards the cheque for Rs. 284-5-0 nothing could be realised inspite of further executions of the decree. It may have to be ultimately put up for cancellation. Suits amounting to Rs. 600 in respect of two cheques received more than three years back have been decreed recently. Action is being taken to file a suit for Rs. 575-15-0. I think this accounts for Rs. 1,175-15-0 mentioned by the Auditors

PARA 10 (a). The Chief Accountant reports :—
Every care is always taken by the Accounts Department, to get each of these accounts adjusted and to keep down the figures as far as practicable. This would be seen from a comparison of the outstandings on 31st March, 1937, with those on 31st March, 1934, 31st March, 1935 and 31st March, 1936, as in the table given by the Auditors. It should however be borne in mind that there are always some fresh additions every year and we cannot therefore expect to get the amount further reduced. The outstandings under columns 2 and 3 have since been considerably reduced and they stood at Rs. 1,31,077 and Rs. 57,132 respectively on 16th May, 1938. The figure under column (7), Impress Advance being permanent advance, is irreducible and should therefore be left out of consideration. As regards the balance of Rs. 3,65,602 against the Land Acquisition Collector under column (8), the figure includes Rs. 3,41,912 on account of Main Drainage Scheme pending adjustment on receipt of actual costs from that officer.

(b) An analysis of the outstandings under "Advances miscellaneous" year by year is given below :—

	On 31-3-36. Rs.	As.	P.	On 31-3-37. Rs.	As.	P.
Outstanding from years previous to 1930-31	12,153	14	0	10,219	11	11
Do. from 1930 31 ...	10,765	9	0	10,684	11	5
Do. 1931 32 ...	0,663	7	0	9,616	3	11
Do. 1932-33 ..	12,967	10	0	6,273	8	10
Do. 1933-34 ..	49,089	11	0	16,914	5	10
Do. 1934-35 ..	18,186	8	0	10,304	12	7
Do 1935-36 ..	9,11,347	9	0	46,931	6	6
Do 1936-37 ..	...			1,38,009	0	2
	10,23,474	4	0	2,45,961	13	2

It will be seen that no appreciable progress was made during the year 1936-37 in the adjustment of advances made in 1931-32 and previous years. The oldest outstanding item relates to the year 1918-19 in the name of the Executive Engineer, Water Works for temporary connections. The total amount outstanding on this account is mentioned below :—

	Rs.	As.	P.
(i) Advances up to 1930 31	10,900	14	4
(ii) Advances since 1931-32	8,017	2	9
	18,918	1	1

It was stated that the officer had submitted accounts for the items under (i). These should be adjusted after proper check without further delay and accounts for the balance obtained.

PARA 10 (b).—The Chief Accountant reports :—
The outstandings on account of advances made in 1931 32 and previous years have been reduced to Rs. 18,120 on 16th May, 1938, against Rs. 30,520 as shown by the Auditors. The advances for subsequent years have also come down appreciably and they stood at Rs. 1,12,955 on 16th May 1938, against Rs. 2,15,441 on 31st March, 1937. The oldest outstanding against the Executive Engineer, Water Works for 1918-19 was adjusted as per J. V. 1887/12 of 1937-38. The accounts submitted by the Executive Engineer, Water Works for advances made up to 1930-31 have been returned to him for further information.

		The Joint Auditors' letter No. [illegible] 2356 dated the 12th January, 1939 PARA 9—Necessary information has been furnished to the Chief Law Officer separately. The position as regards dishonoured cheques will be reviewed and commented on if necessary in the next Audit Report. *The Chief Accountant reports* No remarks *Recommendations of the Finance Standing Committee as confirmed by the Corporation* No remarks	
Remarks of the Deputy Executive Officer:— PARA 10 (a)—The amount of outstanding advances has been considerably reduced at the end of 1936-37, while at the end of 1933-34, the amount stood at Rs 32,51,560, it came down to Rs 9,39,909 on the 31st March, 1937. Out of this amount nearly 3½ lacs relates to the advance made to Land Acquisition Collector for acquisition of land in connection with the Main Drainage Scheme and would be adjusted when actual figures are received. There is a number of old advances especially relating to the Water Works Department which require adjustment without delay. The Executive Engineer, Water Works has been asked to take immediate steps to regularise matters.

(c) Other noticeable items that have been pending for a long time are mentioned in Annexure A.

PARA 10 (c). The cases cited in annexure A have all been adjusted excepting serial Nos. 3, 4, 8, 9 (Rs. 6,500), 12 and 13 The Departments concerned have been asked to take prompt action for settlement of these cases.

(d) Considerable portion of the advances for "works done in default of others" is also outstanding for a long time, *vide* analysis of the outstandings given below :—

		On 31-3-37
Outstanding from years previous to	... 1930-31 ..	53,865

Do.	... 1936-37 ...	86,792
Total ...	...	1,81,825

Some items in respect of which action appeared to have been delayed are included in Annexure B. It will be seen therefrom that no recovery has been made at all in some cases during the last 10 years.

PARA 10 (d).—Out of the 23 cases cited by the Auditors, five items Nos. 2, 13, 18, 19 and 20) have since been adjusted, two (items Nos 10 and 11) relate to filling up of tank and the land is in possession of the Corporation. The others are still outstanding.

Loan Account.

11. The statement below shows the position with regard to the outstanding advances from Loan Account at the end of the last four years.

Date.	Miscellaneous and water works advance	Advance to Land Acquisition Collector.	Total.
	Rs	Rs	Rs.
31-3-34	6,66,293	45,840	7,12,133

31-3-37	5,13,975	89,443	6,03,418

The figure in column 1 for 31st March, 1937, is comprised of Rs. 17.881 for miscellaneous work and Rs. 4,96,094 for Water Works Extension. The outstandings at the end of last two years are analysed below :—

		On 31 3 36.	On 31 3 37.
Outstanding out of advances made in years previous to	1930 31	1,59,452	1,59,452
In	1930-31	69,960	143

In	1935-36	66,800	38,?00
In	1936 37	...	97,381
		6,21,418	5,13,975

It will be seen that during the year 1936-37 no adjustment was made in respect of any portion of the outstandings in respect of advances made prior to the year 1930-31. The important items of outstandings under the head "Miscellaneous and Water Works advances" are mentioned in Annexure C.

STORES.

Result of Verification.

12 (a) Out of stores valued at Rs. 9,15,850-13-9 shown in the accounts as in stock on the 31st March, 1937, verification was made of stores the book balance of which amounted to Rs. 8,54,170-8-2 (stores in the Workshop valued at Rs. 61,680-5-7 being not verified).

The result of verification is given below :—

Particulars.	Account Balance.	Value as per balance return.	Shortage.
	Rs.	Rs.	Rs.
1. Road Metal	13,458 0 4	11,238 8 3	2,219 8 1
2. Water supply stores ...	3,81,540 13 3	2,86,968 14 9	94,571 14 6
3. Miscellaneous stores ...	2,50,068 2 4	1,31,257 9 4	1,18,810 9 0
4. Entally Stores ...	2,09,103 8 3	2,02,846 15 3	6,256 9 0
	8,54,170 8 2	6,32,311 15 7	2,21,858 8 7

Out of the shortage of Rs. 2,21,858-8-7, Rs. 1,51,078-15-4 represented the amount of unadjusted transfer statements on the 31st March, 1937. Further stores amounting to Rs. 70,779-9-3 represented the value of surplus materials of the Water Works Extension Department debited to Stock Account but not yet made over to the Controller of Stores and subjected to verification.

Delay in adjustment.

(b) The amount covered by unadjusted transfer statements has been on the increase for the last 3 years as will be seen from the figures below :—

Date.	Total amounts of unadjusted transfer statements.
	Rs. As. P.
31st March, 1935	25,252 0 2
31st March, 1936	77,377 10 7
31st March, 1937	1,51,078 15 4

PARA 12 (a) & (b).—The Chief Accountant reports :—

The term "shortage" is very misleading. This is not a case of shortage at all, but of difference between the Book balance and the actual stock. The difference represents value of stores issued from stock to work but not yet taken into account for arriving at the Book balance. It is not as if some stores have disappeared, as the term "shortage" may imply.

A portion of the surplus materials (pipes, etc.,) of the Water Works Extension Department has since been used for work.

The balance of Rs. 1,51,078-15-4 as shown by the Auditors represents the net amount of unadjusted stores on 31st March 1937. This has been reduced to Rs. 5,659-14-10 on 11th June, 1938 and further adjustments will be made as soon as the other bills are returned by the departments concerned to whom these were sent by the Accounts Department under objections.

WORKSHOP.

Accounts of cost of manufacture.

13. In connection with the audit report for 1927-28 the Corporation resolved on 2nd February, 1931, that the existing system of keeping workshop accounts did not give a fair idea of profit or loss and that the accounts of the workshop should be kept just as in a business concern. The point having been brought to notice in subsequent audit reports, it was stated that the question of introducing a new costing system was under consideration. The Offg. Chief Accountant stated in August, 1937, that his report on the subject was engaging the attention of the Chief Executive Officer. More than 6 years have already elapsed since the date of the original resolution directing a revision of the existing system of workshop accounts. The final decision regarding change in the method of accounting may be expedited.

PARA 13.—The Secretary reports.—

The Workshop Costing System Sub-Committee appointed by Works Committee (1938-39) is considering the matter.

DEPOSITS.

Correctness of Balance not proved.

14. The correctness of the balance of Rs. 86,897-14-6½ outstanding on the 31st March, 1937, as shown in the annual accounts against the head "Deposits for partial recovery of bills with Collector" could not be verified as the Collector's "Deposit Suspense Account Register" shows only deposits in cash, whereas the figure under the head in question includes other items of credit for which no subsidiary register is maintained. This defect in the procedure should be remedied.

PARA 14.—The Chief Accountant reports :—

The Accountant-General, Bengal, in his further remarks on the replies of the Corporation to para 118 (a) Annexure A—Item 11 of the Audit Report for 1930-31, suggested that a separate Register be kept for this. In reply to this the Chief Executive Officer in his letter No. S/4527, dated 6th October 1937, wrote to Government that it would be a mere duplication of work without any additional benefit to start a separate register for the purpose and that the existing practice is working satisfactorily.

Want of precaution against double refund of Consolidated Rate. 15. In the case of reduction in the assessment of the Consolidated Rate, refunds are allowed generally on the presentation of the original bills. In some cases, however, refunds are allowed even when the original bills are not presented. In the circumstances, unless proper safeguards are taken, there is risk of double refunds. It is stated that the precaution taken consists in a review of the Receipt Register of refund vouchers in which all refunds are registered chronologically. As cases of such refund are numerous and as further there is no time-limit to such applications for refund, the tracing of a previous payment in the above Register in respect of a refund application in hand does not appear to be practicable and the check which is now stated to be in vogue can hardly be treated as satisfactory. It may, therefore, be considered whether a note of refund in each case may not be made in the Valuation List and this list referred to before any refund is sanctioned.	PARA 15.—The Chief Accountant reports :— The same objection had also been persistently raised by the Chief Accountant. After careful consideration the Deputy Executive Officer II decided that check against double refund should be exercised through the Registers prescribed under paras 345 and 350 of the Assessment and Collection Manual which must be very carefully maintained. The Deputy Executive Officer also wanted to go into the matter and introduce any other method of check if necessary.

		pursued through the Audit Report for 1936 37 The matter was accordingly raised in this report In reply to the Auditors summons the Chief Accountant stated in December 1937, as follows — i) The Collectors Department Suspension Account Register shows only deposits in cash No Register is separately maintained to show balance of refund bills left after adjustment of the rate bills due from the party (ii) There is no subsidiary register with which the figures may be proved It is therefore not understood how it will be a duplication of work to start a separate register showing the individual items of balance to prove the ledger balance *The Chief Accountant reports* Verification of the balance under head Deposit for partial recovery of bill with Collector " The Deputy Executive Officer II hopes soon to deal with the matter satisfactorily in consultations with the officers concerned *Recommendations of the Finance Standing Committee as confirmed by the Corporation* Government be informed that the matter is already engaging the attention of Deputy Executive Officer II	
Remarks of the Deputy Executive Officer I — PARA 15 —The check exercised through the Registers as prescribed under paras 345 and 350 of the Assessment and Collection Manual should be sufficient to prevent double refund if the Registers in question are carefully maintained As it is, there are frequent complaints from parties regarding disposal of refund cases and a more cumbrous procedure should be avoided *Chief Executive Officer's remarks* — It is not necessary to introduce additional precaution when the system in vogue affords adequate safeguards. 16. (a) The figures for demand, collection, remission and cancellation and balance on account of the consolidated rates for the last four years as shown in the accounts of the Corporation are detailed in Annexure D. The balance on the 31st March, 1937, amounted to Rs 41,71,411 against Rs. 42,27,585 at the end of 1935-36. The balance thus continues to be very heavy.

(b) The arrears on account of the previous and the current years were as follows :—

Department	Previous years			1936-37			Total		
	Rs.	As.	P.	Rs.	As.	P.	Rs.	As.	P.
Collection	4,47,860	7	0	9,14,994	0	1	13,62,854	7	1
Law ...	Details not available ...						17,08,413	5	7
Assessment ...	5,14 037	3	6	5,86,108	3	3	11,00,143	6	9
							41,71,411	3	5

The outstanding bills in the Law Department could not be analysed as there was no system of classifying the bills according to the year of their issue or receipt in that department.

(c) The percentages of collection in the year under review in the Collection and in the Law Departments are given below along with those for the two previous years. The table shows that collection deteriorated in the year under review as compared with the figures for the previous year :—

Percentage of Collection.

Year	Collection.			Law.		
	Arrear.	Current.	Aggregate.	Arrear.	Current.	Aggregate.
1934-35 ..	55 2	87·4	83·6	[illegible]	[illegible]	9·9
1935-36 .	84·1	90·7	90	...	[illegible]	10·6
1936-37 ...	55·3	90·8	86·8	[illegible]	[illegible]	8·1

PARA 16 (b) —The Chief Law Officer reports —

The practice prevailing in this department is to enter the outstanding bills in the Stock list arranged serially ward by ward. A system of classifying bills according to the year of their issue is out of the question so far as this department is concerned. A comparison of the stock lists for two successive years will show which bills were received in which year. The present system of keeping the stock of bills is quite all right and should not be modified or changed as no useful purpose will be served by classifying the bills as suggested.

The Assessor reports —

Of the outstanding amount of Rs. 11,00,143-6-9, nearly Rs. 5½ lacs is due to the Bengal Council Chamber and the Canals. It will be seen thus that the outstanding amount of rate bills minus the above figure, is nearly normal, so far as this department is concerned.

The Collector has no remarks to make.

PARA 16 (c) —The Collector reports —

Leaving aside the exceptional arrear collection of the year 1935-36, it will be found that the collection for the year 1936-37 has not deteriorated. On the other hand on a comparison with figures for 1934-35 it will appear that the percentage of collection of both arrear and current is gradually ascending.

The Chief Law Officer reports :—

It has been pointed out that the total collection during the year is Rs. 1,89,314, i.e., to say only Rs. 3,000 less than that of the previous year, viz., Rs. 1,92,[illegible]. I beg to submit that there is bound to be a fluctuation and that the decrease pointed out is only such a fluctuation and can hardly be characterised as a deterioration in collection.

The Chief Accountant states that there is a specific provision in this behalf in the City of Bombay Municipal Act *vide* Section 179 quoted below: It shall be in the discretion of the Commissioner to disallow any claim for refund of any property tax unless application therefor is made to him in writing within thirty days after the expiry of the half year to which the claim relates accompanied by the bill presented to the applicant under Section 200 for the amount of the tax from which the refund is claimed.	
		Recommendation of the Finance Standing Committee as confirmed by the Corporation. That no improvement can be made in the existing arrangement and that the departments have been directed to be more vigilant in dealing with cases of refund where paid up rate bills are not produced.	
		The Chief Auditor's letter No. [illegible] 2356 dated the 19th January, 1939. Para 16 [illegible] The outstanding rate bills on the 31st March 1938 were as follows:— Rs. With Tax Officer ... 19 41 74[illegible] Total ... 46 84 417 It will be seen that the outstandings have increased in each of the three departments and there has been an increase of over 10 per cent in the aggregate. *The Chief Accountant reports.* The Auditors have raised this question in para 15 of the Audit Report for 1937-38 and the matter is being dealt with there. *Recommendation of the Finance Committee as confirmed by the Corporation.* Para 16 [illegible] No remarks.

Report of verification of outstanding bill

17 Delay in issue of report of verification—

Under Rule 426 of the Assessment and Collection Manual the unrealised bills in the Collection Law and Assessment Departments have to be verified by the Accounts Department by the 10th of the month following each quarter and under Rule 132 the report thereon is to be issued by the end of that month The issue of the verification report for each quarter of 1936-37 was considerably delayed as will appear from the following

		Due date	Actual date of report	
			Assessment and Collection Department	Law Department
1st qr	1936 37	31-7-3	27-1 37	5 2 37
2nd qr	1936-37	31 10 36	16 7-37	
3rd qr	1936 37	31-1-7	21-8 37	28-8 37
4th qr	1936 37	30 4-37	2 10 37	31 10 37

Similar delay in respect of the year 1935 36 was noticed in paragraph 22 (a) of the Audit Report for the year 1935 36 Such delays should be avoided as this would automatically defer the detection of frauds, if any, on the part of the Collection staff

PARA 17 – The Chief Law Officer reports —

Delay in issuing quarterly stock figures is due to heavy outstandings of the previous successive years plus heavy annual transfers Attempts are being made to avoid such delay

The Collector reports —

When the Manual was prepared this department used to have small outstandings The dates of submission of various reports as provided for in it cannot be observed now-a-days owing to heavy increase of the outstanding number of bills

The Chief Accountant reports

The delay in issue of the verification report was due to delay in getting the quarterly statements from the Collection, the Assessment and the Law Departments which again was due to heavy outstandings *vide* Chief Law Officer's and Collector's notes above

All outstanding bills not produced during verification

18 (a) It appeared from the report of verification made at the end of the 4th quarter of 1936 37 that all bills shown in the accounts as outstanding on the 31st March, 1937, were not produced for verification *vide* table below .—

	Assessment. Rs.	As.	P.	Collection Rs.	As.	P.	Law. Rs.	As.	P.
Balance as per accounts ...	11,00,143	6	9	15,22 076	5	10	17,47 852	7	5

Bills covered by pending suits				..			3,17,364	11	11
Bills not produced ...	532	5	9	40,660	8	7	9,125	10	0

Many of the bills had not been produced for verification in previous quarters also Final action was not taken on the report of verification when the present audit closed

PARA 18 (a) – The Chief Law Officer reports —

Bills not produced mostly relate to cases in which they have been filed in suits pending in High Court or in proceedings before the Land Acquisition Collector

In either of these cases there is no system of having challan as in the case of bills filed in Alipore; Sealdah or Calcutta Small Causes Courts

The Collector reports —

It appears that the audit query has been based on the Chief Accountant's report which is only a starting note of the stock report This file closes with submission of replies of Collector and Assessor to the Chief Executive Officer Now that this department has already submitted its reply, it can be safely said the number of bills said to be not produced was not actually 1/3rd of what the Chief Accountant reported

(b) Out of bills for Rs 40,660-8-7 in the Collection Department referred to above Rs 23,712 2 9 represented the amount of bills relating to the Garden Reach Municipality which were reported to be lying with the said Municipality for realisation and the balance represented bills which were not produced at the time of verification for other reasons The discrepancies should be investigated with as little delay as possible.

PARA 18 (b) — The Collector reports —

All discrepancies whatever with the Accounts Department were explained to Deputy Executive Officer II and made up long ago

Remarks of the Deputy Executive Officer I.— PARA 17. It is not possible in these days of heavy outstandings to verify the unrealised bills and submit a report by the dates prescribed in paras 426 and 432 of Assessment and Collection Manual. It is doubtful if the outstandings in the Collection and Law Departments would come down in near future to the figures at which they used to stand when the Manual was issued, the dates prescribed in this Manual are not likely to be adhered to.	PARA 17.— That the remarks made by the First Deputy Executive Officer be accepted.	*The Joint Auditors letter No. L.A. 2356 dated the 12th January* 1939. PARA 17. If the present programme of verification as laid down in the Manual cannot be adhered to, it would be more businesslike to prescribe a revised programme. *The Chief Accountant reports.* This relates to the report of verification of outstanding Rate and Miscellaneous bills. The Collector reports Due to heavy increase of outstandings, the dates prescribed in Manual cannot be adhered to. In view of this the Chief Executive Officer fixes at the beginning of every year a time-table showing approximate dates by which quarterly reports are to be submitted to the Accounts Department and the limit is being made tighter and tighter every year to enable the departments to approach the positions outlined in the Manual. Simply with the increase of staff this department is showing steady progress in following the time table. I think it will be inexpedient to fix up any particular date just now without watching for a few years as to what more progress the department can make. The Chief Accountant reports. I think instead of fixing dates rigidly with reference to the present state of outstandings it would be advisable to wait for a few years more as suggested by the Collector following in the meantime the annual dates fixed by the Chief Executive Officer. *Recommendation of the Finance Committee as confirmed by the Corporation.* That a reply be sent on the lines of the report of the Collector.	
		The Joint Auditors' letter No. L.A. 2356 dated the 12th January 1939. PARA 18. No remarks. *Recommendation of the Finance Committee as confirmed by the Corporation.* No remarks.

Disposal of Objections.

20. (a) The disposal of objections filed against assessment during the year 1936-37 and in the three previous years is shown in the comparative table below:—

	1933-34.	1934-35.	1935-36.	1936-37.
(1) Outstanding objections of the previous year ...	8681	9480	7446	5991

(5) Outstanding objections at the end of 1936-37 ..	9480	7446	5991	8397

The figures against item (4) above show that there has been a considerable fall in the number of applications disposed of during the year 1936-37.

PARA 20 (a).—The Assessor reports:—
The disposal of objection during the year under report was less in comparison to that of the previous year on account of the following reasons:—
(1) The Deputy Executive Officer II (Mr. S. Chatterjee) was absent on leave for nearly 4½ months from the middle of August to the end of December, 1936.
(2) The Deputy Executive Officer I (Haji Abdur Rashid Khan) did not hear objection cases regularly towards the latter part of the year.

Continued remission of rates on vacant lands in disregard of proviso to Section 151 of the Calcutta Municipal Act	
21 In their Local Self Government Department letter No 131 L M dated 6th October 1936 the Government communicated their decision to the effect that the proviso to section 151 of the Calcutta Municipal Act 1923 did not empower the Corporation to grant general exemption from assessment to all building sites lying vacant for more than 3 years and that each case should be considered individually on its merits The question of altering the provision of the Act was considered by the Finance Standing Committee at their meeting dated 30th November 1936 and the Assessor was directed to place before the Committee a list of the vacant lands in respect of which full rates could be charged together with a list of vacant land in regard to which special circumstances existed In pursuance of the said direction lists for 5 Wards out of 32 were placed before the Finance Committee for consideration at their meeting dated 31st May 1937 The Committee resolved that the consideration of the matter be postponed till a complete statement of all vacant lands for the whole city was available The Committee further directed references to be made to the Municipalities of Bombay and Madras as to the procedure followed in those cities in matter of assessment of vacant lands As each case has to be considered on its own merits, the justification for deferring consideration of the lists which had already been prepared is not clear Already considerable loss of revenue must have occurred owing to the continuance of the illegal procedure of granting general exemption since it was first pointed out by the auditors in their report on the accounts for 1926-27 (issued on the 11th July, 1928) The dilatory manner in which the matter is still being handled even after a clear decision from Government cannot but lead to further avoidable loss of revenue	Para 21 The Assessor reports :— The Corporation on 21st January, 1938 resolved that there is no necessity for the proviso to section 151 of the Calcutta Municipal Act 1923 and they recommended also that Government be approached to amend that section Government has also been written to for taking necessary action in the matter
Continued illegal grant of proportionate remission under Section 537	
22 In their letter No 131 L M dated the 6th October, 1936, to the Chief Executive Officer Government observed that the grant of proportionate remission in the cases of partly occupied premises which was considered by the Corporation to be admissible under Section 537 (c) of the Calcutta Municipal Act was not covered by that section Such remissions were, however, noticed to have been granted by the Chief Executive Officer on the authority of the said section even after the receipt of the Government order A few instances are detailed below A portion of the rates has thus been illegally remitted in these and other similar cases :—	Para 22 —The Assessor reports :— Since the receipt of the opinion of the Advocate-General on the matter, the practice of allowing proportionate remission has been stopped Many practical difficulties are being experienced on account of the same With a view to obviate these difficulties, an item is being placed before the Estates and General Purposes Committee, under the orders of the Chief Executive Officer, to move the Government for necessary amendment of the Act

BUILDING DEPARTMENT

Want of a Demand Register

23. In paragraph 4 of the Test Audit Note on the accounts for the year 1934-35, the want of a Demand and Collection Register in the City Architect's Department for watching the realisation of encroachment fees, etc., was noticed. The defect has not yet been rectified. As it is essential that all reports regarding encroachment, etc., should be entered in a Register to ensure proper action being taken on them, the introduction of a demand register should no longer be deferred. A form for a demand register of encroachment and other fees to be realised in the City Architect's Department was drafted and forwarded to the Chief Executive Officer on 10th September, 1937, and it was suggested that the form might be introduced with the least possible delay and all pending cases brought together therein by a study of the files and a review of the registers and other records kept by the Encroachment Inspectors and other outdoor officers.

Report of the action taken in the matter is still awaited.

PARA 23. The Chief Accountant reports :—

On the suggestion of the City Architect, the Corporation on 29th September, 1937, sanctioned the creation of the post of an Accounts Clerk in the City Architect's Department to maintain the Demand and the Collection Registers. An Accounts Clerk has since been deputed from this Department and started the Registers in the forms drafted by the Government Auditors and approved by the Chief Executive Officer. All the cases referred to in the Minutes of the Buildings Committees for 1937-38 have been entered in these registers.

As regards the older cases, the City Architect reports on 12th March, 1938, that one of the District Building Surveyors of his Department is now on special work to investigate into old cases where dues have not yet been paid by the parties and that as soon as a case comes to his knowledge, a demand is made on the party and the Accounts Clerk is given the information for entering it in the Register.

COLLECTION DEPARTMENT.

Lack of Supervision over Outstanding Bills.

24. Paragraph 393 of the Assessment and Collection Manual requires every Inspector to lay before the Collector within a fortnight from the close of each quarter a list of outstanding rate and miscellaneous bills with an explanation regarding each bill as to why it could not be recovered within the quarter. In practice, however, it was found in the course of audit that in almost all the cases the outstanding list did not contain any such remarks. In the absence of such remarks it is not understood how proper supervision is exercised over the work of the bailiffs and Inspectors. In this connection attention is drawn to the fact that the amount of the bills outstanding in the Collection Department has been very heavy in the past five years and that their total exceeded Rs. 13·6 lakhs on 31st March, 1937.

PARA 24.—The Collector reports :—

In view of the fact that the department has to face a very large number of outstanding bills, it is not yet possible for the Inspectors to put their remarks against each and every bill in the stock in every quarter. But it is generally followed at the end of the year in group forms. A comparison of the outstandings on the 31st March, 1937, with those of the previous years will rather testify to the fact that the department is reducing the balance satisfactorily.

		mission has been discontinued after obtaining orders of the Chief Executive Officer to that effect. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the departmental reply be accepted and that Government be informed that the irregularity being questionable, the Auditors themselves being doubtful about it, the practice was continued till the opinion of the Advocate-General was received since when the practice has been discontinued.	
PARA 24.—I think the remarks of the Auditors deserve attention. The Committee should adopt a better system.	PARA 24.—That the orders passed by Government in connection with para 23 of the Audit Report for the year 1933-34 as quoted below be followed:— "A separate list should be maintained of all persons including Councillors, Aldermen and Municipal employees, who are in arrears of comparatively large amounts (i.e., Rs. 500 or more) and showing the details of all outstanding dues, the reasons for non-realisation and the steps taken to deal with them".	*The Joint Auditors' letter No. L.A. 2356 dated the 12th January, 1939.* PARA 24.—*Collection Department.—Lack of supervision over outstanding bills.* The Government order cited by the Corporation was issued on 19th January, 1938. But no list for the year ending 31st March, 1938, in terms of these orders has been made available to audit so far. It appears that each bailiff prepared a list of outstandings due from each tax payer in respect of holdings in his own circle of collection and these lists have not been consolidated to find out in which cases the total dues to the Corporation by any single tax-payer amount to Rs. 500 or more even the separate lists prepared by the bailiffs did not contain any notes showing the reasons for non-realisation or steps taken to expedite collection. *The Collector reports* "The words "List of persons" in the Government order are misleading and the matter has since been made clear to the Government Auditor in connection with his query statement No 535 of 1937-38.	(9) PARA 24.—*Collection Department—lack of supervision over outstanding bills.* It appears that the Corporation at first resolved to give effect to the Government orders conveyed in para 2 (8) of their letter No 186 (m), dated the 19th January, 1938, regarding the maintenance of a separate list of all persons who are in arrears of comparatively large amounts, with details of all outstanding dues, the reasons for non realisations and the steps taken to deal with them. But subsequently the Corporation changed its mind on the ground that the list could not be maintained owing to certain practical difficulties. The nature of the practical difficulties, complained of, has however, not been stated. As the point does not appear to be very clear, the nature of the practical difficulties in detail, may be communicated to Government for their information.

Auditors' Report.	Replies of the Departmental replies and Chief Accountant's remarks.

Notice of Demand and Warrant Fees.

25 When fees in respect of notices of demand or warrants are collected no separate receipts are issued for their realisations The amounts are acknowledged on the copy of the rate bill issued to the party which, of course, is not available for the purposes of check on such realisations. From a review of the bill registers wherein credit of these fees are posted, it was found that in most cases those fees were not realised but were written off under the Collector's sanction recorded in the Cost Remission Register, such sanction having been given in all cases of outside collections, after the realisation of the consolidated rate bill, on verbal reports made by bailiffs or Inspectors recommending the remissions on various grounds, *e.g.*, "party being too poor," "party being out of town", "the case being a disputed one", etc. Thus under the existing procedure if a collecting bailiff chooses to get such demands remitted although realisations had already been made, there is little chance of the defalcation coming to light With a view to prevent leakage of revenue in connection with the notice of demand and warrant fees, it seems necessary that a separate machine numbered receipt form with counterfoils should be used by the bailiffs when realising these fees. There should also be a warning to the ratepayers printed on the notice of demand that they should demand separate receipts for these fees.

PARA 25—The Collector reports:—

This is a new method, suggested by the Government Auditor which is not provided in the Manual. If this is to be followed, there is no doubt that certain amount of time and energy shall have to be diverted from the main work, namely, collection I submit so long as the outstandings do not come to a normal figure, no departure from the procedure laid down in the Manual should be made.

Corporation.			
Chief Executive Officer's remarks	**Resolutions of the Finance Standing Committee as confirmed by the Corporation.**	**Audit Rejoinder together with further replies of the Corporation**	**Final orders of Government.**
		The accounts in this department are not kept by persons but by premises. What a bailiff does in a "Group List" is to prepare first a list of outstandings against a particular holding and afterwards these holdings are grouped together as far as they are known to be belonging to one party. This does not guarantee that each party of each bailiff has been regrouped with the same party of a different bailiff in mathematical certainty. It is inevitable for the reason that the bailiffs are about 200 scattered over the whole department and the parties of each bailiff are good many. Our group list therefore, is a list of holdings with their outstandings against persons liable for them. This is not exactly a list of persons showing their liability. The differences must be understood. The existing lists serve our purpose well and are prepared without undue loss of time. * * * * *The Chief Accountant reports—* The matter as to whether a list of properties or a list of persons must be made out is under consideration of the Chief Executive Officer. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That efforts have been made but it is found impossible to maintain a list as directed by the Corporation owing to certain practical difficulties.	
	PARA 25. Laxity in following up miscellaneous claims	
26. (1) Of the bills for miscellaneous claims that were outstanding in the Department on the 31st March, 1937	PARA 26 (1), (2) & (3) The Collector reports :— Specific queries of this nature cannot be dealt with unless details of the miscellaneous bills including names and addresses of the parties are supplied
(i) * bills amounting to over Rs 2,650 had already become time-barred,	
(ii) * bills amounting to over Rs 900 appeared to have become time-barred since 1st April, 1937,	
(iii) * bills amounting to over Rs 3,000 were going to be time-barred soon, and	
(iv) bills amounting to over Rs 53,000 were outstanding for more than 2 years.	
* Excludes bills in respect of which the dates on which the demand arose were not noted in the Register	
(2) The above facts suggest that due attention was not paid to the realisation of miscellaneous bills. In fact, realisation appears to have been made only in a small number of cases. The Register of these bills did not show the date of presentation of the claims In 6 out of 13 Divisions there was also no note in the Register to show whether any notices of demand and warrants were issued in any case.	
(3) In numerous cases the bills had to be cancelled as irrecoverable. In the cases mentioned in the margin the bills were cancelled as the party disputed the Corporation's claims As the records had already been destroyed before audit, it could not be seen how far the cancellations were in order In one case (Bill No $\frac{621}{M}$ dated 7th November, 1929) it was found too late that it had been issued against a wrong person. In the case of the bills mentioned in the margin connected papers showing action taken for their disposal up to 29th July, 1937, were stated to have been missing and could not be traced In order to ensure timely and effective action for the realisation of miscellaneous claims it seems necessary that steps taken for recovery should be recorded in the Registers and that these should be periodically reviewed by the Head of the Department *Margin:* Bill No. II E.M / 473 Rs. 21 0 0; IV E.M. / 99 Rs. 8-8-0; 113 / M Rs 27 4-0 *Margin:* Bill No W W / M W. 504, dated 30-7-32 for Rs. 6-10-6 and 15 others	
(4) A few specific cases in which action for realisation was delayed are given below :—	
Fees for removal of blood from Slaughter House.	
(a) Miscellaneous bills amounting to Rs 312 8 0 for removing blood from the Chitpore Slaughter House from May, 1934 to May 1936, remained unrealised The party submitted certain representations which were fixed for consideration by the Public Health Committee on the 22nd March, 1936 The matter then seems to have been lost sight of Urgent steps should be taken for the realisation of the claims, a portion of which has already become time barred	PARA 26 (4) (a) —The Collector reports — Necessary action is being taken for disposal of the bills.
Cost of filtered water	
(b) A sum of Rs 205-4 9 on account of bills noted in the margin was outstanding for supply of filtered water at 31, Russa Road, Tollygunge From the connected papers it appeared that no action had been taken to realise the dues during the period from 10th October, 1934 to 13th May, 1937. *Margin:* Bill No. F W / E. W —590 and 11 other bills; Period for which due 15 12 33 to 31 3 34	PARA 26 (b) —The Collector reports :— Several attempts were made to realise the bills from the party. But as there was a dispute between the owner and the occupier, the bills could not be realised. The dispute has recently been settled and Mr. Saadatullah, Councillor, has promised payment
Loss of rent for want of timely action	
(c) A sum of Rs 140 on account of 14 Miscellaneous bills for rent of a petrol pump on the footpath in front of 4, Ashutosh Mukherjee Road, from November, 1933 to December 1934 at Rs 10 per month, issued in the name of the Paragon Motor Works was outstanding on the 1st January, 1935. Since	PARA 26 (c) —It is not correct to say that timely action was not taken in this case, Repeated demands were made for payment of the bills but to no effect. Notices of demand were also served but no distress warrant could be executed as they were not recoverable by coercive measure. Finding no other alternative for the recovery of the miscellaneous bills they were ultimately transferred to the Law Department.

	PARA 26 (4) (a) That the Committee find that as there was legal difficulty in realising the amount from the party a payment of Rs. 197-8-0 was accepted from him and the balance of Rs 115 8 0 is being cancelled		
	PARA 26 (4) (b)—That the Committee find that the bills have since been transferred to the Law Department for recovery		

Auditors' Report.

April 1934, no action for the realisation of the amount appeared to have been taken excepting the issue of two demand letters. The pump was removed on 1st December, 1934, with the permission of District Engineer IV. The papers relating to the arrears were transferred on 30th March, 1935 to the Law Department. The Law Officer asked the Collection Department on 23rd September, 1935 to furnish the correct address of the party. After a good deal of correspondence the Law Officer was informed on the 27th November 1936 that the party was dead. It does not appear that prompt and effective action was taken to realise the arrears amounting to Rs. 140 which presumably can no longer be recovered.

HEALTH DEPARTMENT.

Assessment made under Section 175 but not under Section 386.

27 (a). Licenses under Section 386 for places in which offensive trades are carried on, are due for issue by the License Officer by the end of April, on receipt of a report from the Health Department. Under paragraph 98 (b) of the License Manual, Volume I, the Health Department is required to send their report to the License Officer by the 1st week of April. The test audit, however, disclosed several cases which showed that the Health Department's inspection and consequently their report were greatly delayed. In some of these cases no action could be taken for the recovery of the fees due to the Corporation owing to the closure of the business before any claim could be presented. A few instances are given below :—

Premises No.	Name of the Assessee.	Nature of trade.	Remarks.
Mirbahar Station shed at Strand Road.	Anandji Hari das & Co.	Iron Store	The License Officer reported that the license was not sanctioned by the Health Officer as the business was closed on 14-9-36: presumably therefore the Health Department did not inspect the premises before 14-9-36.
10, Tarachand Dutt Street.	Jumanlal Kameswarlal.	Electric Flour Mills.	It was stated by the Health Officer that the business was found closed on 11-9-36. Thus the Health Department did not take any action before that date.
41-D, Sankaritola East Lane.	Ashmantara Debi.	Electric Oil Mills.	In the consolidated list sent by the Health Officer to the License Officer the business was reported to have been closed on 21-8-37; presumably the Health Department took no action before that date.

(b) A number of cases assessable under Section 386 sent during 1936-37 by the License Officer to the Health Officer for his sanction was found pending with the Health Officer even on 11th November 1937. A few instances of such cases are given below :—

Name and address.

(1) Binapani Printing Press—128/12, Cornwallis Street.

(2) Gobinda Chandra Das, Ferrule Manufacturers—104/1, Grey Street.

(3) Adhar Chandra Das, Indian Sweet Manufacturer—119-C, Grey Street.

(4) Alexandra Printing Press—27-E, College Street.

(5) College Press—65/8, College Street.

(6) New Bengal Press—68, College Street.

(7) K. S. Roy, Anchor Manufacturer—14, Galiff Street.

The delay in passing orders by the Health Department leads to consequential delay in the presentation of claims for license fees. The matter is accordingly brought to the notice of the Corporation.

PARA 27. (a)—The Health Officer reports :—

Serial No. 1 :—Mirbahar Station Shed at Strand Road—

There was no storage of Iron in the Shed in the year 1936-37 and the shed was totally demolished in August, 1936. The place was inspected by the Sanitary Officer several times and the business was found closed on all the occasions.

Serial No. 2 :—10, Tarachand Dutt Street—

License for this mill for 1935-36, was sanctioned and issued. Supplementary consolidated list for 1936-37 including this item was received in D. H. O. II's Office from the License Officer on 21st August, 1936. The Sanitary Officer reported on 9th September, 1936, that the business had been removed, and the report was forwarded to the License Officer on 11th September, 1936.

Serial No. 3 :—41/D, Sankaritola East Lane—

License for 1935-36, could not be issued as the mill was found closed during that year. The consolidated list for 1936-37, including this item was received in this Office on 21st May, 1936, from the License Officer. The Sanitary Officer reported on 8th September, 1936, that the mill was still closed and not working.

Subsequently, however, one Gobindlal Ghansyamdas made some alterations and started working the mill in November, 1937, without obtaining permission under section 385 or license under section 386 for which he was prosecuted on 29th November, 1937.

PARA 27 (b).—The Health Officer reports :—

(1) Benapani Printing Press, at 128/12, Cornwallis Street, Printing Presses are not dealt with under Section 386 unless nuisance is noticed or complaints are received about the same and hence license under Section 386 was not insisted on in this case.

As License was not sanctioned in this case no intimation was sent to the License Officer.

(2) Gobinda Chandra Das, Ferrule Manufacturers—104/1, Grey Street—

This place was exempted from the operation of section 386 as it was nothing but a petty smithy and as such it did not call for action under section 386. No intimation was sent to the License Officer as license was not sanctioned in this case.

(3) Adhar Chandra Das, Indian Sweet Manufacturer—119/C, Grey Street—

It is a petty lozenges factory and does not come under the purview of section 386. License, under section 390 was recommended by this Department on 30th September 1936, in the name of Krishna Ch. Samanta and another but the number of the premises was given as 121/C, Grey Street which was corrected later on and intimation was sent to License Officer in due time. Hence the statement of the Government Auditor that the case was found pending with the Health Officer even on 11th November, 1937, does not appear to be correct.

(4) Alexandra Printing Press—27-E, College Street.

(5) College Press—65/8, College Street.

(6) New Bengal Press—68, College Street.

These presses are licensable under section 386 (1) (b) when they are likely to create a nuisance or are dangerous to life, health and property and not under section 386 (1) (a) where the licensing is mandatory. The above presses being small concerns and not complained against were not considered licensable.

(7) K. S. Roy, Anchor Manufacturer—14, Galiff Street—

This place was nothing but a petty smithy and as such it was exempted from the operation of section 386. No intimation was sent to the License Officer in this case as license was not sanctioned.

The Government Auditor may also be informed in this connection that no intimation is sent to the License Officer in the cases in which license is not sanctioned or insisted upon. Only the cases in which license is sanctioned are intimated to the License Officer.

Stock Account of Birth and Death Certificate Forms not maintained.

28. Birth and death certificates are issued by the Health Officer on payment f fees. Machine numbered forms are used for this purpose, but no stock account s maintained for them. The absence of a stock account for these forms may ead to their improper use resulting in loss of Corporation revenue. A stock account for these forms may lead to their improper use resulting in loss of Corporation revenue. A stock account should be maintained in respect of these. Arrangements should also be made for the internal audit of the account.

PARA 28 The Health Officer reports.

Heavy Outstandings

29 (a) The demand, disposal and the balance outstanding on the 31st March 1937, in respect of bills transferred to the Law Officer are shown below. -

Particulars.	Decrees.	Suits.	Bills not covered by suits.	Total.
	Rs.	Rs.	Rs.	Rs.
Outstanding balances on 1 4 36	1,27,063	2,98,495	12,19,294	16,44,852
Bills transferred to Law Department during 1936-37.			2,92,314 15,11,608	2,92,314 19,37,166
Suits filed during 1936 37		1,26,120 4,24,615	—1,26,120 13,85,488	
Suits decreed during 1936 37	55,683 1,82 746	—55,683 3,68 932	...	.
Disposed of during 1936 37	25,920	51,567	1,11,627	1,89,314
Balance outstanding on the 31-3 37	1,56,826	3,17,365	12,73,861	17,47,852

It will be seen from the statement that the total outstandings on the 31st March, 1937, were Rs. 17,47,852 against Rs. 16,44,852 at the end of the previous year. The outstanding in the hands of the Law Officer has increased by more than one lakh. No improvement in the total amount of demands disposed of **was also noticed during the year 1936-37, the disposal during the year having amounted to Rs. 1,89,314** as against **Rs 1,91,525 during the year 1935-36**

PARA 29 (a) & (b)—The Chief Law Officer reports:—
It has been pointed out that the outstandings in the Law Department have increased by more than one lakh, although the disposal during the year amounted to Rs. 1,89,314 This is due to the fact that inspite of our best efforts it has not been possible with the staff that we now have to keep pace with the annual transfers As I have pointed out more than once and also mentioned in my reply to the Audit Report of the year 1935 36 there is hardly any possibility of reducing the outstanding balance unless and until the transfer is controlled. I may mention that the Law Department Re organisation Committee did not create any additional post except that of Assistant Law Officer II. They only made permanent the staff that had been working temporarily for 5 or 6 years Such staff which was considered necessary at that time was hardly adequate to cope with the heavy outstandings which were further increased during those years The question of further strengthening the staff is being considered by the Law Department Special Committee.

Slight improvement in filing of suits.

(b) Out of the total amount of Rs. 17,47,852 outstanding on the 31st March 1937, claims for Rs. 1,56,826 only were covered by decrees, and suits for **Rs. 3,17,365 were pending in different courts. Bills as old as for the year 1914 15 remained outstanding without any suit having been filed. In explanation of the heavy arrears noticed in the previous audit reports it was stated that the matter was under consideration by the Law Department Re organisation Committee. As a result of the recommendation of that Committee a second Law Officer** was appointed **in July 1936, besides 5 additional clerks. The improvements** noticed **were that suits were filed during the year 1936-37, for bills amounting to about Rs. 1,26,120 as against about Rs. 98,465 during 1935-36 and that decrees were obtained during the year under report for Rs. 55,683 against Rs. 26,268 during the previous year. Even with this improvement the position with regard to the total amount uncovered by suits worsened because of the heavy incoming bills.**

PARA 29—*Heavy outstandings in the Law Department* The total outstandings in the Law Department on account of consolidated rate bills have further increased and mounted to about Rs 19,44,700 on 31st March, 1938 The Chief Law Officer reports I have already pointed out that the outstandings in the Law Department have been increasing year after year due to the fact that the staff is inadequate and is unable to cope with the heavy outstandings of the previous successive years *plus* heavy annual transfers The question of strengthening the staff is pending before the Law Department Special Committee and although the Committee have been convinced that the staff is inadequate and needs supplementing, no final decision has yet been arrived at I am afraid this increase cannot be reduced unless the transfer of bills by the Collector is controlled and the staff is strengthened in the near future *Recommendation of the Finance Standing Committee as confirmed by the Corporation* That every attempt is being made to reduce the outstandings	(12) PARA 29 (1) *Law Department heavy outstanding* It appears that the position in the Law Department, so far as the outstandings are concerned, *has worsened even after the reorganisation of the Department in* 1936 indicating that the steps so far taken, have not proved quite inadequate for the purpose Government trust however, that more effective action will be taken by the Corporation in the matter

Auditors' Report	Departmental replies and Chief Accountant's remarks.

Pending Suits and Decrees.

30. In connection with paragraph 33 of the Audit Report for the year 1930-31 the Finance Committee directed on 7th August 1936, that the Law Department should submit before the appropriate committee a monthly statement showing the position of every pending suit and decree. This was approved by the Corporation on 7th October, 1936 The direction has not, however, been complied with. A test check of the suit registers revealed the following irregularities:—

(a) The information recorded in the suit registers was incomplete in many cases, necessary particulars e.g., dates of execution no of execution case, amount decreed and date of decree not having been posted

(b) Action taken, if any, was not recorded in the case of many suits filed long ago.

(c) Similar omission was noticed in many cases in respect of notes of action taken for the realisation of amount decreed long ago.

In the circumstances it was not possible in audit to see whether prompt action had been taken for realisation of the dues or whether decretal amounts had not become time-barred in some of the cases

PARA 30—The Chief Law Officer reports —

It is hardly possible to submit a monthly statement showing the position of every pending suit as desired by the Finance Committee The resolution in question appears to have been passed without any reference to me. I intend to obtain further directions in the matter from the Finance Committee. Every attempt is being made to avoid the irregularities pointed out In the new Suit Register introduced from 1937 38, specific columns have been provided for the particulars noted in (a); it is hoped that such irregularities will henceforth disappear.

The amount decreed and date of decree can not be recorded in the Suit Register pending receipt of certified copies of decrees from Court, hence the delay in posting such particulars in some cases to which possibly the auditors are referring The result of the execution proceedings is noted in Suit Register after disposal

Important proceedings prior to judgment are noted in the Suit Register only.

Notes of action taken for realisation of decretal amount used to be noted in the files and the final result of execution used to be noted in the Suit Register only. With the introduction of the new Suit Register detailed notes of action taken from time to time will appear in it

Loss due to want of timely action.

31 Two cheques Nos. 091790, dated 30th March 1932, for Rs. 32 and C89009, dated 31st March, 1932, for Rs 50 on the Co-operative Hindusthan Bank, drawn by Babu Probodh Chandra Mitter and City Insurance Co., respectively, in payment of license tax 1931-32, were dishonoured by the Bank It was stated that the parties having failed to deposit the values of the cheques inspite of the License Inspector's calling on them several times these cheques were sent to the Law Department on 16th September, 1932 There was nothing on record to show that any action had been taken by the Law Department before 1935 for the realisation of these dues. In that year the Law Department wrote to the parties for the first time demanding payment. On the recommendation of the Law Department the amount of these two dishonoured cheques was written off by the Chief Executive Officer on 13th June, 1936. It seems that the amount of these dishonoured cheques was lost for want of timely action on the part of the Law Department. Moreover as these cheques related to payment of license tax, their cancellation was tantamount to the writing off of demands. As such, the sanction of the Corporation at a meeting is necessary under section 213 of the Calcutta Municipal Act.

PARA 31—The Chief Law Officer reports.—

The demand on account of the dishonoured cheques was not formally and officially transferred to the Law Department as in the case of rate bills and other miscellaneous bills for which the Department have to maintain a stock. In cases where a criminal prosecution against the drawer of a cheque is sanctioned this department is called upon to make arrangements for legal assistance only, while the department concerned continue to remain fully responsible for the realisation of the amount which constitutes their demand The demand for taxes was extinguished on payment of the cheques The cheques having been dishonoured, a fresh miscellaneous demand came into existence, which the Chief Executive Officer was competent to cancel under the powers delegated to him Sanction of the Corporation is therefore not necessary

The License Officer reports —

The cheques relate to the time of my predecessor Mr. J N. Sinha and it is not possible to find out if they were formally and officially transferred to the Law Department The cheques and relevant papers remained with the Law Department all the time and as such no action could have been taken by this department

As regards the cancellation of the demand for the dishonoured cheques it was explained to the Government Auditors on several occasions before that the Chief Executive Officer under the delegation was competent to cancel the new miscellaneous demand which came into existence, the cheque having been dishonoured. The Auditors should keep a note of this

		The Joint Auditors' letter No J 1, 2356 dated the 12th January 1939 PARA 31—*Loss due to want of timely action* The explanation furnished goes to show that timely action was not taken to prevent the loss The License Officer reports — It has already been pointed out that the relevant papers were sent to the Law Department for taking criminal action against the parties who tendered the dishonoured cheques Mr Sinha the then License Officer took a reasonable period of time to realise the value of these cheques and when all attempts at realisation by threats and persuation failed he sought the Law Officer's help in asking him to take criminal action against the parties The burden of responsibility was shifted to the Law Department as soon as the papers were transferred to them and the License Officer had no hand in the matter as all subsequent actions were controlled by that Department. There is nothing to show that no timely action was taken by this Department The Chief Law Officer reports — The License Officer's report confirms my statement that the demand on account of dishonoured cheques was not officially and formally transferred to this Department Having regard to the above and the fact that the connected papers are not available I am not in a position at this distance of time to say what action was	(13) PARA 31—*Lose due to want of timely action* The attention of the Corporation is invited to the Audit rejoinder on this point with the observation that steps may be taken to prevent recurrence of such losses in future

PARA 32.—The License Officer reports :—

Heavy outstandings are due to steps having not previously been taken for cancellation of demands under Section 213. Steps were taken for cancellation of irrecoverable demands by my predecessor Mr. Pal Chowdhuri and the department is placing cancellation lists before the Committee as they are ready.

An amount of Rs. 1,42,822 under Section 175 for the years 1931-32 and 1932-33 was placed before the Finance Committee for cancellation in October 1936. The matter is still pending with the Committee. Subsequent lists are being scrutinised by the Deputy License Officers and myself and will be placed before the Committee after they are thoroughly scrutinized. A list of cases which were not included in the cancellation lists for 1929-30 and 1930-31 because they were considered realisable at the time by the Department is also being made ready for the Committee.

The list for 1924-25, I have ascertained on enquiry, was placed before the appropriate Committee by Mr. C. C. Mitter late License Officer but it appears no order has been passed on it nor are the lists or relevant papers traceable.

Rs. 330 on account of Dog Tax for 1934-35 and Rs. 15 for 1933-34 were realised during 1936-37.

Delay in taking steps followed by cancellation

33 (a) Demands amounting to Rs 300 for the tax on dogs for the year 1935 36 were cancelled on different dates on the failure of prosecution of the defaulters Under paragraph 301 of the License Manual, these prosecutions could have ordinarily been filed by the middle of November, 1935, but these cases were not filed till in June 1936 when the parties were not traceable at the recorded addresses so that summons could not be served Prompt steps for the realisation of this tax do not seem to have been taken as indicated by the heavy balance outstanding at the end of 1936 37 as shown below —

On account of year	Demand	Balance on 31 3 37
	Rs	Rs
1934 35	17 570	5,470
1935 36	17 830	4,925
1936 37	20,425	10,120

(b) The cancellations referred to in the previous paragraph were sanctioned by the Chief Executive Officer or the Deputy Executive Officer As the power of cancellation of demands under Section [illegible] has not been delegated to the Chief Executive Officer in respect of any tax the approval of the Corporation appears to be necessary in these cases

Rent not received in advance in all cases

34 Rent was outstanding on the 31st March 1937 from 196 [illegible] stall holders of Sir Stuart Hogg Market and 43 of College Street Market These arrears amounting to Rs 9 069 7 0 and Rs 2 950 5 6 respectively (out of which about Rs 3,000 and Rs 2 000 were outstanding for more than two months) were recovered in most cases during the subsequent months [illegible] portion [illegible] rents of the stalls [illegible] outstandings on the 31st July 1937 for more than 2 months amounting to about Rs 1 000 and Rs 1 000 respectively It may be mentioned in this connection that the outstandings in respect of stall No 34 Block K of Sir Stuart Hogg Market amounted to Rs 727 8 0 on 31st March 1937, against a daily rent of annas 8/ only Under clause 15 of the Market Bye laws the rent is payable in advance Laxity in collection may often lead to ultimate loss of [illegible] revenue as would be evident from the following instances —

In the case of stall No 2 Tower Block of College Street Market rent was allowed to accumulate and when on the cessation of business, the party's goods were seized, they fetched a sum of Rs 145 15 0 only against Rs 676 4 0 due on account of daily rent and additional rent, besides Rs 1 500 on account of initial rent [illegible] against the [illegible] lessee of the Betel Mart for Rs 558 and of stall No 11 14 West Block [illegible] floor [illegible] the same [illegible] for Rs 666 has yielded no revenue as yet

Departmental replies and Chief Accountant's remarks

PARA 33 The License Officer reports The direction given in the License Manual is not workable as the assessment of dogs in all the Wards in Calcutta cannot be completed before March The work is fairly heavy and we have got only two men to do the work I am applying for modification of the direction given in the License Manual

Prosecution for dog tax hardly stands in Court when contested by parties as the Court is inclined to accept the statement of the dog owner who are mostly respectable people Arrangement for seizure of unlicensed dogs should be made and unlicensed dogs be seized and kept in the Dogs' Home

These cases were struck off by the Magistrate and therefore the demands were cancelled under orders of the Deputy Executive Officer

PARA 34 —The Superintendent Sir Stuart Hogg Market reports —

The outstanding amount referred to in the audit report is a negligible amount in comparison with the total collection of about Rs 8 70 000 during the year under report Steps are always taken for realisation of the arrear dues as soon as possible and it cannot be said that there was any laxity on the part of the department

The arrear rent of Rs 727 8 0 due from Nazo Bibi, occupier of the stall is in respect of her former stalls Nos K (old) 40 and 42 and the Public Utilities and Markets Committee dated 17th February 1930, directed to realise from her annas eight only per day towards arrear rent This is a very old case and a sum of Rs 1,446 was originally due from her Due to the acute economic distress the tenant could not pay the full amount as required under the above resolution She is a small fruit seller and has no stock in trade and hence no pressure could be brought to bear upon her and extreme measure could not be taken as in that case the Corporation stands to lose a big amount Steps are, however being taken to realise as much as possible from her.

The Superintendent, College Street Market, reports —

As the party did not pay the full amount of initial rent as fixed by the Committee he was not recognised as a permanent tenant No permanent rent receipt was given to him nor was his name recorded in the Rent Roll

When the goods were seized the party was in arrears of rent for Rs 676 4 0 and Rs 145 15 0 was recovered from the sale proceeds of the goods The proposal to adjust the outstanding dues in respect of rent against Rs. 1,000 deposited under initial rent and to forfeit the balance was sanctioned by the Chief Executive Officer

The amount of Rs 1 000 thus credited to initial rent could not be available for the proposed transfer as the accounts of the year had already been finally closed, and the proposal could not be given effect to on account of the technical difficulty of accounting The outstanding dues as stated in the report is in fact a formal one and the matter is pending before the Committee for cancellation.

The [illegible] Officer [illegible] It has been pointed out that those cases were struck off by the Magistrate and therefore the demands were cancelled under orders of the Deputy Executive Officer. When the ownership or possession of dogs could not be proved against the parties the Magistrate struck off the cases. The order of the Chief Executive Officer or Deputy Executive Officer was therefore quite sufficient to cancel these demands as being [illegible]. *Resolution of the Finance Standing Committee as confirmed by the Corporation* That the departmental reply be accepted.	(14) PARA 33 *Delay in taking steps [illegible] by cancellation.* Government do not consider the heaviness of the work and insufficiency of staff to be an adequate explanation for the loss of revenue pointed out by the Auditors. They are however, of opinion that sanction of the Corporation under Section 213 of the Calcutta Municipal Act to the writing off of such irrecoverable demands should be obtained. This will also give the Corporation an opportunity for fixing responsibility for such loss if it so desires.

College Street Market stall No 2, Tower Block The outstanding amounts of Rs 1 500 and Rs 696 5 0 for initial rent and rent respectively were cancelled as irrecoverable by the Corporation on 15th June 1938. *The Superintendent S S Hogg Market reports* According to the resolution of the Public Utilities and Markets Committee dated 11th March 1938, Nizo Bibi occupier of K (m) 34 paid though irregularly at the rate of As 10 (annas ten) [illegible] up to 27th August 1938 and then stopped payment. After repeated demands she began to pay from 1st November and again stopped payment from 21st November 1938. In December she paid only As 10 on 1st December 1938 and in January 1939 [illegible] made some irregular payments amounting to Rs [illegible] From 1st February 1939 she has been paying daily at the rate of Re 1. A sum of Rs 713 is due from her on account of arrear rents and Rs 12 6 on account of current rent up to 20th February 1939. Effective measures by way of distraining her goods in the stall under a Distress Warrant could not be taken as the goods in the stall would not fetch at any time more than Rs. 4 or Rs. 5 and as the Corporation would stand to lose a big sum. The matter is again being placed before the Committee for direction. College Street Market—Stall No 2. Tower Block. No remarks	(15) PARA 34 *Market Rents [illegible] in all [illegible]* It appears that not only is the payment of rent in advance from stallholders not insisted on in all cases but that *some stallholders are also allowed to default till a fair large sum has accumulated as arrears.* As this may lead to loss of revenue in several cases, Government trust that the Corporation will issue instructions for the enforcement of its market bye-laws as strictly as possible. The [illegible] the Corporation regarding the arrears in respect of stall No 34 Block K of Sir Stuart Hogg Market may be communicated for the information of Government.

Auditors Report	Replies of the Departmental replies and Chief Accountant's remarks.

Outstanding initial rents

35 (a) In paragraph 69 of the audit report for 1930 31, a suggestion was made for opening a separate demand register to show the sanctioned initial rent in respect of market stalls leased out and the collections against the same but the suggestion has not been complied with Omission to record the demand may lead to oversight in realising the initial rent and consequent loss to the Corporation as will be seen from the instance cited below —

Stalls Nos 2 3 in Block I in the Sir Stuart Hogg Market were allotted on the 10th May, 1926 to Babu Rajendra Nath Shaoo and Debiprosad Mullick and an initial rent of Rs 8 000 payable by the 10th June, 1926 was fixed and accepted by the parties They paid Rs 6 000 up to the 9th July 1926, and made no further payments thereafter till the 2nd March, 1930 on which date they again paid Rs 100 and also a further sum of Rs 350 by instalments of Rs 50 up to 3rd August, 1931 No further payment was made by them The matter was referred to the Law Officer but as the case had already been time barred, the Law Department could not take any action A balance of Rs 1,550 was thus left outstanding A sum of Rs 1,050 was however, realised from Babu Debi Prosad Mullick, when he applied for mutation on the death of his partner. Thus a total sum of Rs 7 500 out of Rs 8 000 was realised on account of initial rent in respect of the above stall Babu Debiprosad Mullick having represented that he was unable to pay any more amount towards initial rent the Public Utilities and Markets Committee in their resolution dated 31st July, 1936, fixed the initial rent at Rs 7,500 instead of at Rs 8 000 in modification of their resolution dated the 10th May, 1926

The Sir Stuart Hogg Market only has recently started recording the current demands on account of initial rent in the "Remarks" column of the rent roll. The amounts involved are generally heavy For carrying out a systematic check the opening of a separate demand register is [illegible]

PARA 35 (a) The Superintendent S S Hogg Market reports Formerly in some cases tenants were made permanent on payment of a part of the amount of initial rent fixed by the Committee but this system has been totally abolished and no one is now made permanent unless and until the whole amount of initial rent fixed by the Committee has been realised. As the amount of initial rent fixed by the Committee is being noted in the Rent Roll in each and every case, there is no longer any difficulty in auditing the said book The opening of a separate register as suggested by the auditor will [illegible] duplication of work

(b) The case mentioned above is really one of remission or writting off of portion of the demand As such, the sanction of the Corporation should be obtained to the write off as the Public Utilities and Markets Committee have no such power

PARA 35 (b) —The Corporation having delegated its power to the Public Utilities and Markets Committee regarding fixing of initial rent and rent, the Committee is quite competent to revise and modify its own previous decision Pursuant to the said delegation the Committee revised and modified its original resolution with regard to the fixing of the initial rent in respect of stalls Nos. F2—3 S. S. Hogg Market and fixed the initial rent at Rs. 7,500 in place of Rs 8 000 Cases are not wanting where the Committee revised and modified its previous resolution and as such the case in question is to be treated as a case of revision and not of remission or writing off as suggested by the auditor. In the circumstances sanction of the Corporation is not necessary

Stall No 78 of the Park Circus Market

36 Under Rule 13 of the Handbook of Bye laws of the Calcutta Corporation in respect of Municipal Markets, rents of stalls are realisable daily in advance and in the event of default, section 526 of the Calcutta Municipal Act allows the rent to be recovered by distress and sale of the moveable property of the person from whom it was due The holder of stall No. 78 of the Park Circus Market was, however, allowed to default with impunity till a sum of Rs. 800 accumulated against him representing rent for 800 days. It appeared that no action was taken to realise the outstanding dues except the issue of two demand letters by the Market Superintendent one on the 19th October, 1933 and the other on the 10th June, 1936

A suit was instituted in January, 1937 and while the above suit was pending the Superintendent of the Market put the stall under lock and key on the 27th January, 1937 This afforded an opportunity to the stall-holder to claim damages which he did at Rs 10 per diem for the period the stall was under lock and key. The Law Officer observed that the above action of the Superintendent was very irregular and had complicated the matter and accordingly [illegible] com

PARA 36 —The Superintendent, Entally Market, reports — Although Section 526 of the Calcutta Municipal Act contemplates recovery of rent by distress and sale of movable property no such action could be taken in this case as there were no movables in this stall except for a few months in the beginning and for one or two months just before the suit was filed. We put the stall under lock and key when we found that some pieces of timber were being surreptitiously removed by the party's servants—the only movables that we could distrain during these 5 long years. It transpired later on that the case had already been filed. We had no information that any legal action had already been taken and in that impression we acted bonafide in this case. What moved the authorities to effect a compromise is that the party's occupation was more or less symbolical, as he carried on no business over a period of 5 years and sustained heavy losses. As a matter of fact the party had prayed for this [illegible] over and over again and the authorities were [illegible] moved to take a sympathetic view of the case.

SURVEY DEPARTMENT.

Delay in disposal of surplus land.

37. About 4 bighas, 16 kottahs of land were acquired in April, 1921, for constructing a slaughter house at Mominpore but on account of objections raised by the people of the locality the project was abandoned in 1924. From that year till 1936, the question of disposal of this piece of acquired land was never put up to the Corporation. After about 12 years the matter was placed before the Corporation when they decided to sell the land in plots. Thus the land which was acquired at a cost of Rs. 66,567 was allowed to remain unproductive for about 12 years without the Corporation being informed about the same.

PARA 37.—The Chief Valuer and Surveyor reports :—
This land was acquired at the instance of the Health Department for construction of a Slaughter House. Although the project of a slaughter house on the site was finally abandoned in 1924 by the Health Department, I find no intimation was sent to this department either to utilise the land for any other purpose of the Corporation or to sell it off. It however, appears from the proceedings of the Sanitary Dwellings Sub-Committee that there was a proposal to utilise this land for their purpose. This too was finally dropped and their recommendation was accepted by the Corporation in 1930. It will be noticed from the above that the Corporation had full knowledge of this land but no definite direction was given to dispose it off. All this happened during the time of my predecessor. However, in 1936, I brought to the notice of the Chief Executive Officer that this land was lying unproductive who then directed me to dispose it off by selling in plots. Since then I have taken action and a portion of this land has already been sold in small plots. It will take some time more to dispose of the remaining land as the development roads cannot be completed for want of funds.

WATER WORKS DEPARTMENT.

Defect in maintaining Demand Register.

38. (a) In the Register of Demand and Payment for water for non domestic purposes maintained in the Water Works Department, old demands are carried forward from year to year. New demands which arise in course of a year are also entered in this Register. But this is done only when realisation is made and not before. This procedure is defective as some items may be lost sight of resulting in omission in realisation. Demands should be recorded as soon as a case is detected or an occasion arises. Thus in case of (1) separate connections, demand should be recorded in the Register as soon as an application is sanctioned and (2) consumption of water for non-domestic purposes from connections made for domestic purposes, the demand should be recorded as soon as a case is detected.

PARA 38.—The Executive Engineer, Water Works, reports.—
Sanction for separate connection for non-domestic purposes has practically no connection with the Demand Registers as the question of demand and payment cannot arise unless orders to open road for effecting such connections are obtained. Such orders are issued only in those cases where demands are made in advance and as such it is not felt necessary that the applications for sanction should be recorded in the Demand Registers. Of course Registers for recording such applications (sanctioned or refused) are maintained separately. In the circumstances there can be no omission in recording those demands as payments are always received in advance.
When domestic connections are found to be used for non-domestic purposes notices under Section 220 (2) are served by the outdoor staff of the department and they are entered in the Demand Register only when payments [illegible]. These

		cept for a few months in the beginning, there were no moveable goods in the stall to be seized, no goods to be distrained for recovery of our dues. The only property was an immovable structure raised at the party's own cost which served as the only security in the case against non-payment of rent, a structure that could be attached only in execution of a decree against the party. As the party, however, went on paying lump sums from time to time towards clearing off arrears and as they had a big stall in the market, we did not at all think it necessary to attach the immoveable structure not till arrears amounted to a heavy sum of Rs. 800 0 0. I am afraid it is not, therefore, quite correct to suggest that the loss was due to the fact that rents were allowed to accumulate. As a matter of fact the whole amount of outstanding demands of Rs. 800 and even more could be realised from attachment and sale of the structure over which the party has spent nothing short of Rs. 5,000. But in view of the fact that the party had no business and had therefore sustained heavy loss, Chief Executive Officer was moved to waive a portion of our claim under Section 537 of the Act. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the Deputy Executive Officer I be requested to submit a report as to how this case stands at present.

Auditors' Report | **Replies of the Departmental replies and Chief Accountant's remarks.**

(b) Old demands are carried forward to the Register for the next year without any change. In cases where water is used for business purposes from separate connections, the demand, no doubt, remains constant so long as there is no change in the size of the ferrule But in the case of demands for water for non-domestic purposes drawn from connections made for domestic purposes, the amount depends on the consumption which again depends on the growth of the business and cannot be said to be constant from year to year. In these latter cases, a system of annual review appears to be necessary. This review is also necessary in all cases in which exemptions have been granted owing to the consumption having been reckoned at less than 30 gallons per day.

notice books are therefore as good as Demand Registers. These notices are periodically examined by the Supervisors whether payments have been made or exempted by the authorities It is therefore not necessary to open a spare Register of Demand But to avoid omission it is suggested that these notice books should be compared with the demand and payments registers from time to time.

Water from domestic connection is allowed only in petty trade concerns, restaurants, rice hotels, etc, and the owners of such concerns are charged according to flat rate system provided there is no objection from the owner of the house. In case the consumption in such concerns is considerably increased the business owners are forced to take separate connections for the purpose generally by the owners of the house simply to avoid shortage of supply for domestic use. The assessment of flat rate generally covers small fluctuation of consumption as any consumption between 31 and 260 gallons is covered by payment of Rs 3 per month Generally it is found that petty business consumption varies between 30 and 150 gallons a day In the circumstances, system of annual review is not very necessary But in case where exemption is granted owing to the consumption having been reckoned to be less than 30 gallons a day system of annual review may be adopted

Presentation of diamond buttons.

39. A sum of Rs. 210 was paid on voucher No. 22051 dated the 23rd December, 1936, to Messrs. Lal Behary Roy & Co., on account of the cost of a set of diamond buttons presented to Mr. P. K. Ghose, Champion Swimmer, as authorised by the Corporation in their Resolution No. 1162 passed at their meeting held on the 13th October, 1936. The payment is considered to be contrary to law. The question of recovery by surcharge proceedings is under consideration.

Para 39—The Chief Accountant reports —
The Corporation at their meeting dated 30th March, 1938 resolved that the sum of Rs 210 be subscribed by Aldermen and Councillors.

Irregular advance to Provident Fund.

40. Rule 8 of the Provident Fund Rules contemplates the recovery of the subscriptions at the time of payment of the salary of the subscribers concerned The salary of March is payable in April, but the estimated amount of subscriptions deductable from the salaries for March is every year advanced from Municipal Fund in the same month together with the Corporation's contribution A sum of Rs. 29,000 was accordingly advanced on the 31st March, 1937, and an equivalent amount paid as contribution. On the procedure being objected to in paragraph 93 of the Audit Report for 1931-32, it was argued that if the procedure was changed, the year in which the change would be introduced would have only 11 months. The argument overlooks the fact that the employees have had already the advantage, though irregularly, of one month's subscriptions and contributions paid into the Fund in advance. The irregular practice should be stopped.

Para 40—The Manager, Provident Fund, reports :—
Out of 12 months, subscriptions for 11 months, April to February are paid by the Corporation into the Provident Fund 2 to 3 weeks late i.e., in the 3rd or 4th week of the next month. It is only for the month of March that the subscription is paid by the Corporation one day earlier as it were, i.e., on 31st March instead of say on 1st April, and this has to be done in order that the Fund may get credit for 12 months' subscription in the year. On the question of advantage, it will be seen that, it is all against the employees as they lose interest on eleven months' subscription for 2 to 3 weeks. The idea of crediting 11 months' subscription in a year cannot be given effect to.

BUILDING DEPARTMENT

Excessive expenditure incurred in defending a Corporation employee.

41. In connection with the evidence given by Mr. S. N. Sen Gupta, a Building Inspector, in a demolition case instituted by the Corporation, it was ordered that Mr. Sen Gupta should be prosecuted on a charge of giving false evidence under Section 193 I.P.C. In the consequential case, Emperor *vs.* S. N. Sen Gupta, the defence was undertaken by the Corporation and Mr. Sen Gupta was honourably acquitted by the Additional Chief Presidency Magistrate who heard the case. An expenditure of Rs. 7,174 was incurred and met out of Corporation Funds. An analysis of this expenditure is given below :—

	Rs.
I. Paid to Mr. S. A. Sen, Counsel—	
(i) Consultation 17 days at 5 gms. per diem ...	1,445
(ii) Appearance in Court 22 days at 10 gms. per diem. ...	3,740
(iii) Inspection of papers of the prosecution and local inspection 2 days at 5 gms. per diem.	170
II. Paid to Mr. K. N. Bhowmik, Advocate -	
(i) Consultation 49 days at 1 gm. per diem	833
(ii) Appearance in Court 24 days at 2 gms. per diem ...	816
(iii) For hearing judgment, returning exhibits, inspection of records and exhibits, moving application, local inspection, attending Police Station 13 days at 1 gm. per diem	221
Miscellaneous	211
Less disallowed from the total of the bill	262
Amount paid	7,174

The defence appears to have been undertaken under Section 537 (d) which authorises the Corporation to obtain such legal advice and assistance as they may, from time to time, think it necessary and expedient to obtain, for securing the lawful exercise or discharge of any power or duty vesting in or imposed upon the Corporation or any municipal officer or servant. The power to incur expenditure under the above section now stands delegated to the Chief Executive Officer without any restriction and the expenditure in this case was incurred under his authority. The expenditure of over Rs. 7,000 which included about Rs. 2,300 for the purpose of consultation alone, appears to be out of proportion to the importance of the case. The matter is brought to the notice of the Corporation for consideration as to the desirability of laying down certain general principles for the guidance of the Chief Executive Officer in the matter of expenditure to be incurred out of Corporation Fund in cases of this nature.

PARA 41.—The Chief Law Officer reports :—
In this case the Building Inspector in the discharge of his duties as such, gave evidence in a case under section 363 on the strength of which an order for demolition was ultimately made by the High Court. As he was for nothing prosecuted for giving false evidence, it was thought proper to make the best arrangements for his defence as in the event of an adverse decision against him, prosecuting officers would have felt nervous to come to the box and depose in the cases in their charge, which they have got to do daily. Having these considerations and the gravity of the case in view, Chief Executive Officer was pleased to engage Mr S. K. Sen, Bar-at-Law, and Mr. K. N. Bhowmik, Advocate. The expenditure was heavy as the hearing continued for 22 days and as due to a mass of materials and facts involved in the case, consultationr had to be held from day to day for several days, of which only 17 have been charged for. In view of the above the costs incurred herein are fair and reasonable and cannot be said to be out of proportion to the importance of the case.

		jected to by the Auditors at the start. It is such a vital matter that it would be doing an injustice to the Auditors of previous decades to say that the matter escaped their notice. It it is only a question of opinion, i.e., if the previous years Auditors were of the opinion that the so-called irregularity was not an irregularity which required to be "stopped" and if the Auditors of the present day hold a contrary opinion it is urged on behalf of the subscribers that the previous opinion be acted upon and the Accounts made up for 12 months for the year. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* That the departmental reply be accepted [illegible] the Auditors be informed that the Committee do not agree that the present practice is irregular and that the practice is being followed for the last 30 years and no exception was taken all these years.	
		The Joint Auditors' letter No. L1 2356 dated the 12th January 1939. PARA 41. As the Corporation have since curtailed the Chief Executive Officer's power of incurring legal expenses and fixed a limit of Rs. 500 only in any one case including court fees, no further action is necessary on this paragraph. *The Chief Accountant reports.* No remark. *Recommendation of the Finance Standing Committee as confirmed by the Corporation.* No remark.

DRAINAGE (EXTENSION) DEPARTMENT

Irregular charge to Loan Fund

42 Travelling allowances of Dr B N Dey, Chief Engineer and Special ... Mr P C Bose, Executive Engineer, Drainage and Mr A N Banerjee, ... Engineer, have been charged to the work "Main Drainage Extension ... heme (outfall portion), the cost of which is met from the Loan Fund As ... officers are not exclusively employed upon the work and their pay is charged ... Revenue their travelling allowances are not chargeable to the Loan Fund ... section 97 (2) (n) of the Calcutta Municipal Act The expenditure should ... cordingly be transferred to Revenue

PARA 42 — The Chief Accountant reports — These are travelling charges and as such those should be treated as contingent expenses as usual These cannot come under allowances' mentioned in Section 97 (2) (n) of the Act The question of writing back to Revenue as advised by the Auditors does not therefore arise

HEALTH DEPARTMENT

Extra allowance to Midwives

43. The payment of extra allowances to Midwives and Rickshawmen con... ued during the year 1936 37 and a sum of Rs 9,208 10 0 was spent on this ... ount As there was no rule sanctioning the expenditure or specific sanction ... the Corporation in each case, the expenditure was illegal The Finance Com... ttee of the Corporation resolved on the 22nd June 1937, that rules should be ... amed for regulating the expenditure on this account Final action in the matter ... awaited.

PARA 43 The Chief Accountant reports — The Finance Committee at their meeting dated 24th May, 1938, further considered the question of payment of extra allowances to the midwives and the rickshawmen in the employ of the Corporation together with the question of the reimbursement of Motor Vehicles Tax paid by officers and employees of the Corporation in receipt of motor car allowance or motor cycle allowance in connection with Government letters Nos 1321 M dated 10th March, 1937, and 8798 L S G, dated 11th December, 1936 and resolved as follows

That the Committee agree with the Chief Accountant and the Chief Law Officer that these cases do not come under section 56 (b) of the Act but they come under section 51 (2) under which it is competent for the Corporation, in the one case, to resolve that Corporation officers who are required to maintain motor cars should, as a class, have their motor car allowance increased by the amount of the Motor Vehicles Tax paid by them and, in the other, to resolve fixing the salary of Midwives at the several grades together with an allowance of Rs 2 for each case delivered by them in excess of 15 cases per month, and similarly in the case of the rickshawman, *and that when the salary and allowances are governed by section 51 (2), the question of a formal order in each officer's case individually does not arise*

The above resolution was confirmed by the Corporation on 8th June, 1938

Payment without proper sanction

44 An allowance of Re 1-8-0 per mensem is being paid to the Durwan for ... llecting death cards at night, *vide* cash voucher No. 30305, dated the 31st ... arch 1937, sub voucher 53 dated the 4th March, 1937. Corporation sanction ... the allowance having been called for, it was stated that this was in the na... re of tiffin charges and hence Corporation sanction was not necessary. As the ... lowance is being paid monthly to a Corporation employee, the sanction of the ... orporation appears necessary under section 51 (2) of the Act.

PARA 44 — The Chief Accountant reports — The Durwan has been in receipt of the same for a long time. The payment was sanctioned afresh by the Chief Executive Officer on the 2nd December, 1937. Sanction of the Corporation in this case does not seem to be necessary.

		The Joint Auditors' letter No 2356 dated the 12th January 1939 PARA 44 As the power to sanction allowance under Section 1 to employees has not been delegated to the Chief Executive Officer the sanction of the Corporation appears to be necessary No reasons have been given for the contrary view expressed in the explanation *The Chief Accountant reports—* This relates to the payment of a sum of Re 1 8 0 per month to a Durwan for collecting Death Cards at night The sum of Rs 1 8 0 is ... Repairing cost exceeds purchasing cost. 45. Repairs to 26 iron beds of the North Maternity Home were executed by the Entally Workshops during the year under audit at a cost of Rs. 19-5-1 each. The beds in question had originally been purchased at Rs 19 each The cost of repairs thus exceeded the cost of purchase Even after omission of overhead charges (supervision etc), and profits, the cost of repairs per bed comes to Rs. 15-7-3 which appears to be excessive when compared with the purchase price of the beds. 100 iron beds were in fact purchased in the same year, some at Rs 14 8 0 and some at Rs 15/- each The repair appears, therefore, to have caused the Corporation some avoidable loss	PARA 45 The Manager, Entally Workshop, reports — Repairs are carried in all cases as required by the indenting department The requirements are not given finally at a time Further requirements are added by the departments verbally or in writing during the process of carrying out the repairs as per indent originally received "necessary repairs" the mention of this in any indent by an indenting party for services or supply of articles from the Workshops is a very loose term having no restrictions put on it We cannot get the work certified till the work is done to the full and complete satisfaction of the indenting party It is difficult to say at what stage the cost of work becomes "excessive" as we have to complete the job. If we leave the job unfinished owing to the excessive cost, who is going to pay the labour and material incurred in an unfinished job?
MOORE'S SCHEME. *Excess over provision in the estimate* 46. Sanction of Government has not been obtained under section 14 (b) of the Calcutta Municipal Act to regularise the excess in the cost of supervision in India over the provision made therefor in the revised estimate for the Moore's scheme. The excess alone at the end of March 1937, represented about 150 per cent of the estimated provision, the expenditure up to that date being Rs 7,74,756 against the provision of Rs. 3,10,000, while the works outlay up to the same date was Rs 2,29,03,934 against a provision of Rs 2 42 33 271	PARAS 46 & 47 - The Chief Accountant reports Necessary provisions for the two items of expenditure have been made in the 2nd revised estimate of the Scheme which was sanctioned by the Corporation on the 22nd December, 1937, and is awaiting Government sanction
Unauthorised payment out of Moore's Scheme. 47. In paragraph 75 of the Audit Report for 1931-32, it was noticed that an expenditure of Rs 26,866 15 0 for construction of an office, store house, oil godown, etc., at Palta was charged to Moore's scheme although there was no provision for the same in the scheme as sanctioned by Government. Sanction of Government has not yet been obtained under section 14 (b) of the Calcutta Municipal Act to regularise the expenditure.	*Vide* PARA 46 above.

WATER WORKS DEPARTMENT.

Damage caused by a leaking filtered water main.

48. (a) In pursuance of a notice from the Corporation the owner of premises No. 22, Annada Banerji Lane, demolished the front portion of his buildings and claimed damages on the allegation that the damage was caused by a leaking filter water main which was not kept in proper repair though the defects had repeatedly been brought to notice by the party. Liability having been denied by the Corporation, the party filed a suit and the Court found in his favour. An appeal was filed but this too was dismissed with costs. The Corporation had to pay a sum of Rs. 2,629-13-6 to the party besides their own costs of litigation.

(b) Although in February 1937, the Chief Executive Officer desired that a report should be furnished as to why the main was not kept in effective repairs and who was responsible for the same, it did not appear that the matter was further pursued and the necessity for disciplinary action considered.

(Sd) S. N. CHATTERJEE,
Examiner of Local Accounts

(Sd) E. R SESHU IYER,
Accountant-General, Bengal

N. B I. The Accountant-General, Bengal and the Examiner of Local Accounts further stated in the concluding portion of their letter No. L. A. 2356 dated 12th January, 1939 that they had no remarks to offer on the other paragraphs.

N B II —The commencing portion of the Chief Accountant's note regarding the further comments of the Accountant-General, Bengal and the Examiuer of Local Accounts as per their letter No. L.A. 2356 dated 12th January, 1939, is given below:—

As per the "Rules regarding Audit of Accounts of the Calcutta Corporation" these audit rejoinders have to be published in newspapers in parallel columns with each item of the original report, the replies of the Corporation and final order of the Government.

These Audit Rules have no provision for including in the publication any replies of the Corporation to the audit rejoinders. Rule 6 of the said Audit rules however, provides that when there is a difference of opinion on any point between the Corporation and the Auditors, the matter together with the explanation of the Corporation, if any, shall be referred by the Auditors to the Local Government for orders. This suggests that in all cases where the Auditors do not agree with the Corporation, the further comments of the Auditors should first be sent to the Corporation for their replies, if any, and they may be then referred to Government.

The time allowed for submission of the Audit rejoinders and the further replies of the Corporation is two months only from the date of our submitting the original replies which in this case is 15th November, 1938.

The Accountant-General, Bengal and the Examiner of Local Accounts however ignored the provisions of Rule 6 and sent the Audit Rejoinders to Government direct on 12th January, 1939, *i.e.*, when the said period of two months was about to expire. A copy of their letter to Government has been sent to us.

Similar further remarks on the Audit Reports for 1933-34, 1934-35 and 1935-36 were also sent by the Joint Auditors direct to Government and only copies of their letters to Government were sent to us.

In connection with the further remarks on the Audit Report for 1933-34, the Corporation at their meeting dated 8th June, 1938 resolved as follows :—

"That the attention of Government be drawn to the fact that Rule 6 of the rules regarding audit of accounts of the Calcutta Corporation has not been complied with by the Auditors inasmuch as before making a reference to the Local Government under this rule they have not given the Corporation an opportunity to offer further explanation, if any, on the points on which there was a difference of opinion."

We should communicate to Government our views on the further remarks to the Audit Report in question now before Government passes final orders for publication of the same as we did in the case of the rejoinders to the Reports for 1933-34, 1934-35 and 1935-36.

8. FINANCE COMMITTEE RECOMMENDATIONS.—The Corporation were asked to confirm the following recommendations of the Finance Standing Committee dated the 23rd January 1941.

*　　*　　*　　*

14. FINAL ORDERS OF THE GOVERNMENT ON THE AUDIT REPORT FOR 1936-37:—The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1936-37 as per their letter No. 48-T.M., dated 25th May, 1940.

Letter dated 25th May, 1940 was as follows:—

The contents of the letter have been shown under column Final orders of Government of this Audit Report.

The Chief Accountant's report dated the 9th December, 1940, *on the final orders of the Government on the Audit Report for the year* 1936-37.

Towards the concluding portion of the letter, the Secretary. Public Health and Local Self-Government Department, requests that the Audit Report with relevant matters may now be published as required by the rules regarding the audit of the accounts of the Corporation. The final orders of Government on the three Audit Reports for 1934-35, 1935-36 and 1936-37 were sent to us by Government within short intervals, *viz.*, on 6th April, 1940, 27th April, 1940 and 25th May, 1940 respectively. Under rule 7 of the audit rules all these reports were due for publication long before the final orders were communicated to us.

The reports for 1934-35, 1935-36 and 1936-37 with relevant matters properly arranged have since been sent by me to the Press. Further action on these reports will be taken by this Department when the matters are set up and proofs are sent to us by the Press.

The Audit Rules do not provide for inclusion, in the publication of any further replies or remarks subsequent to the passing of final orders by Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. Goverment have also called for further replies of the Corporation on some of the paragraphs of this Audit Report. The letter may therefore be placed before the Corporation through the Finance Committee to which your orders are solicited.

The orders and observations of Government are dealt with para by para below:—

(1) *Paragraph* (5)—*Previous Reports*:—

The replies to the Test Audit Notes for 1936-37 and 1937-38 have since been forwarded to the Government Auditors with the remarks of Deputy Executive Officer I and Chief Executive Officer.

(2) *Paragraph* 8 (*b*)—*Cash in hand with the Treasurer*:—

This point has already been dealt with in our replies to para 8 of the Audit Report for 1938-39.

(3) *Paragraph* 10 (*d*)—*Advance*—

This Audit Report was considered by the Finance Committee and not by the Corporation on 24th October, 1938. As recommended by the Finance Committee, the Corporation on 9th November, 1938, asked me to submit a detailed statement showing the list of unadjusted items upto 31st March, 1937 under "cost of works done in default of others" with short particulars.

One such list has already been prepared by this Department and is under scrutiny now. This will be placed before the Corporation through the Finance Committee shortly.

(4) *Paragraph* 12—*Stores, Result of verification*—

It appears from a note of the Executive Engineer, Water Works dated 8th August, 1940, that the Chief Executive Officer was pleased to pass orders to transfer all unpriced stores and surplus materials of Moore's Scheme into the priced stores.

The Resident Engineer, Water Works Department reported on 11th September, 1940 :—

I have taken up the accounts and intend to finish the work as early as possible. I have taken up the accounts of the steel piles first. Owing to the strike I have not been able to verify the quantities in stock as yet. The accounts are very old and require time for verification.

(5) *Paragraph* 13—*Workshops—Accounts of cost of Manufacture*—

This relates to the revision of the existing system of accounts of cost of manufacture.

No remarks.

(6) *Paragraph* 14—*Deposits—Correctness of balance not proved*—

A separate register has already been started in the Collection Department.

(7) *Paragraph* 15—*Want of precaution against double refund of Consolidated Rate*—

This relates to refund of consolidated rates in cases of reduction in the assessment even when the original bills are not produced. In this connection, the Corporation on 7th August, 1939 resolved as follows :—

That no improvement can be made on the existing arrangement and that the departments have been directed to be more vigilant in dealing with cases of refund when paid-up rate bills are not produced.

The Assessor reported (20*th August*, 1940) :—

There are lots of cases, where refund is granted due to vacancy or to reduction of assessment, dealt under Section 146 in files. These cases are not entered in the Valuation List, so the procedure of recording a refund order in the Valuation List as suggested by Government Audit, will not be a check against double refund, so far as these cases are concerned and will increase the work of the Department without the desired remedy. The registers prescribed under paras 345 and 350 of the Assessment and Collection Manual are being maintained in this Department and I think, they will serve sufficient safeguard against double refund.

(8) *Paragraph* 21.—*Continued remission of rates on vacant lands in disregard to proviso to Section* 151 *of the Calcutta Municipal Act.*

Letter No. 131-T. M., dated the 6th October, 1936 relates to the final orders of Government on the Audit Report for 1928-29. Letter No. 19-T. M. dated the 27th April 1940 relates to the final orders on the Audit Report for 1935-36 and has already been submitted to you for necessary orders

As regards the question of enforcement of the proviso to Section 151 of the Act, in respect of the lands lying vacant for more than three years and the observations of the Government, the Assessor has already submitted a proposal which is now engaging the attention of the Finance Committee.

(9) *Paragraph* 24.—*Collection Department—lack of supervision over outstanding bills.*

This relates to preparation of lists of persons for arrears of outstanding rates for Rs. 500 or more.

The Collector reported (10*th September*, 1940) :—

Anybody conversant with the accounts of the Corporation knows that properties are assessed here and not persons. Consequently Collector's accounts are kept by premises and no record of the Paymaster is or can be maintained by him. Moreover, persons paying the taxes of these properties are a variable factor changing from time to time from the recorded owner to the occupier and then to an absolutely third party in the shape of a new purchaser, Receiver, Administrator, Trustee etc., while the premises are a constant factor. No lists therefore on the basis of persons can be prepared nor, if prepared, will be exhaustive so as to show the complete liability of that person at any time. The

list we prepare is a list of premises showing the persons liable which strictly is not a list of persons showing their liability.

(10) *Paragraph* 25.—*Notice of Demand and Warrant Fees.*

This relates to the resolution of the Corporation dated the 9th November, 1938 requesting the Chief Executive Officer to consider the desirability of adopting the recommendation made by the Auditors, that separate machine numbered receipt forms with counterfoils should be used by the bailiffs when fees in respect of notices of demand or warrants are collected and that there should also be a warning to the rate-payers printed on the notice of demand that they should demand separate receipts for these fees.

The Corporation further resolved in this connection on 7th August, 1939 as follows:—

"That the matter is engaging the attention of Deputy Executive Officer II who has been asked to consider whether the suggestion of the Auditors can be accepted and that in the meantime the present system may continue.

The Deputy Executive Officer II observed on 14*th September,* 1940:—

I have given due consideration to the matter and discussed with several officers. The proposal of the Government Auditors, if accepted, will end in starting an additional accounting not commensurate with the return. Nor can I allow the Department to drift from its main problem *viz.*, the outstandings which must be solved first with a single aim.

This is not the time to start a new experiment over a much less important matter.

(11) *Paragraph* 27 (*a*)—*Health Department—Assessment made under Section* 175 *but not under Section* 386.

The Law Officer reported (16*th August*, 1940):—

As required by Government I suggest that paragraphs (a) and (b) of Art. 98 of the License Manual be modified as follows:—

Art. 98 *of the License Manual as it exists.*	*Modification—proposed.*
(a) An extract of columns 3, 4, 5, 6 of this Register, as it stood on 31st December should be prepared by the License Department early in January, every year. *L. T. Form No.* 2. It should be typed in triplicate according to the Wards and two copies will be sent to the District Health Officers for distribution before the end of January. A supplementary extract in triplicate from the Register appertaining to entries from 1st January to 31st March should be similarly made and two copies will be sent to the District Health Officers before the 15th of April. It should be typed in triplicate according to the Wards and two copies will be sent to the District Health Officers for distribution before the end of April. A supplementary extract in triplicate from the Register appertaining to entries after 31st March should be similarly made and two copies will be sent to the District Health Officers before the 30th of June.
(b) The Sanitary Officers should submit their reports in duplicate on the lists furnished to them within the month of February. The Collecting Inspectors should then assess by the end of April. The Collecting Inspectors should then assess by the end of September. The supplementary list should be similarly treated and submitted to the Health Officer before the 31st of July and sent to the License Department before the 15th of October.

The Health Officer agreed (12th September, 1940) to the suggestions made above by the Law Officer.

(12) *Paragraph* 29 (*a*)—*Law Department—Heavy Outstanding.*

No remarks. In this connection the Corporation on 7th August, 1939 resolved as follows:—

"That every attempt is being made to reduce the outstandings."

(13) *Paragraph* 31.—*Loss due to want of timely action.*

This relates to cancellation of two dishonoured cheques. The Joint Auditors observed in their audit rejoinder as follows:—

The explanation furnished goes to show that timely action was not taken to prevent the loss.

The Corporation on 7th August, 1939 confirmed the following recommendation of the Finance Standing Committee:—

That the Committee find that it is not possible to fix the responsibility at this distance of time and they regret that the amount has to be written off.

(14) *Paragraph* 33.—*Delay in taking steps followed by cancellation.*

This relates to assessment of dogs. *The License Officer reported on 16th August,* 1940:—

I am sorry, Government do not realise the difficulties of assessing dogs in Calcutta and also do not think that two men engaged in this work are hardly enough to cope with the work. There are 32 Wards in Calcutta and so far we have been able to realise only Rs. 23,253 which shows that we have been able to detect successfully only 4,700 dogs in Calcutta. The Inspectors have to call at every house in Calcutta irrespective of the fact whether the owner has got a dog or not and sometimes in each flat to find out if there is a dog. The assessment takes long hours and we are put to great difficulty when our assessment is challenged in court by the person assessed. It is very common that after assessment we receive objections. That the dogs which our Inspectors saw belonged to a friend who came for interview or came for a short stay in Calcutta. In majority of such cases the court accepts the plea of the contestant and discharges him. Our Inspectors before filing prosecutions or before taking any coercive measures have to call several times in most of the cases. Unless and until we can take steps for seizure of unlicensed dogs, the revenue under this head will not increase in future and the difficulty of assessment will not diminish in any way.

As regards cancellation of the cases struck off in court, I may point out that these cases were struck off as the court held that the demands created were wrong. These demands may therefore be legitimately cancelled by the Deputy Executive Officer to whom the power of cancellation of wrong demands has been delegated. There is no ground for placing them for cancellation under Sec-

tion 213 when these demands were held by a competent court of Law to be wrong demands. I therefore do not see any point in the Government order that these wrong demands should be cancelled under Section 213 of the Calcutta Municipal Act.

(15) *Paragraph* 34.—*Markets. Rents not received in advance in all cases.*

In this connection, the Jt. Auditors observed in their further remarks as follows:—

"Sir Stuart Hogg Market—Block K—Stall No. 34—

Instead of being reduced, the outstanding dues rose to Rs. 741 on 31st March, 1938. The Public Utilities and Markets Standing Committee on 11th March, 1938 allowed the party to continue the occupation of the stall for one year only on her paying As. 2 for arrears and As. 8 for current rent everyday. Even this petty amount was not regularly paid and the outstanding dues on 31st October, 1938 amounted to Rs. 745-8-0.

College Street Market—Stall No. 2—Tower Block.—

The outstanding amounts of Rs. 1,500 and Rs. 696-5-0 for initial rent and rent respectively were cancelled as irrecoverable by the Corporation on 15th June, 1938."

The Corporation on 7th August, 1939 confirmed the following recommendation of the Finance Standing Committee:—

"(1) That the matter be referred to the P. U. & Markets Committee for suggestion as to what reply should be given to the remarks of the Auditors in this case.

(2) That the Committee be also requested to consider whether it will not be better to remove the tenants from the market as there is hardly any chance of recovering the arrears."

The Superintendent, Sir Stuart Hogg Market reported on 15th August, 1940:—

The Department is always vigilant about the defaulters and special care is always taken for realisation of arrear rents. Each and every tenant is approached for payment of daily rent regularly and systematically but due to the depressed trade conditions and acute economic distress some of the tenants fail to pay rent daily in advance and it is neither prudent nor advisable from administrative point of view to take coercive measures in each and every case for non-payment of rent for a few days only. There is no penalty clause by which we can enforce payment of rent daily in advance but care is always taken to see that no loss of revenue occurs to the Corporation due to lack of vigilance on our part. The allegations that some stall-holders are allowed to default till a fairly large sum has accumulated as arrears, are not correct since the Department is always on the alert and exerts its utmost to realise Corporation dues as far as practicable in the existing state of circumstances as stated above.

Regarding Stall No. K (new) 34.—Nazo Bibi, the occupier of Stall No. 34 in block K (new), having failed to pay rents as per resolution of the P. U. & Markets Committee, she was removed from the stall, which was declared vacant from 1st January, 1940. A sum of Rs. 796-8-0 was due from her on account of rent and additional rent.

The Chief Accountant reported:—

The demand was cancelled by the Corporation on 11th September, 1940 as recommended by the P. U. & Markets Committee and by the Finance Committee.

(16) *Paragraph* 36—*Stall No.* 78 *of the Park Circus Market.*

The Joint Auditors observed in their further remarks as follows:—

The loss was due to the fact that rents were allowed to accumulate for as many as 800 days although the rules provided for the collection of rent daily in advance.

The Superintendent, Park Circus Market reported:—

The occupiers of stall No. 78 in the Park Circus Market had, no doubt, fallen in arrears to the extent of Rs. 800 before a suit was actually filed against them. But the party was never allowed

to default with impunity for 800 days at a stretch. As Messrs. Chowdhury & Co., had, however, no business except for a few months in the beginning, there were no movable goods in the stall to be seized, no goods to be distrained for recovery of our dues. The only property was an immovable structure raised at the party's own cost which served as the only security in the case against non-payment of rents—a structure that could be attached only in execution of a decree against the party. As the party, however, went on paying lump sums from time to time towards clearing off arrears and as they had a big stall in the market, we did not at all think it necessary to attach the immovable structure till arrears amounted to a heavy sum of Rs. 800. I am afraid it is not therefore, quite correct to suggest that the loss was due to the fact that rents were allowed to accumulate.—As a matter of fact the whole amount of outstanding demands of Rs. 800 and even more could be realised from attachment and sale of the structure over which the party has spent nothing short of Rs. 5,000. But in view of the fact that the party had no business and had therefore sustained heavy loss, the Chief Executive Officer was moved to waive a portion of our claim under Section 537 of the Act.

The Corporation on 7th August, 1939 resolved as follows:—

That the Deputy Executive Officer I be requested to submit a report as to how this case stands at present.

The Deputy Executive Officer I was pleased to forward the following note of the Chief Law Officer dated the 16th August, 1940 to me:—

Under orders of the Chief Executive Officer a compromise decree was obtained for Rs. 410 out of which Rs. 200 was paid by party on the date of decree (23rd July, 1937). Party paid another Rs 200 by cheque on or about 30th November, 1938. The balance of Rs. 10 could not be realised inspite of our threatening demand letters The Market Superintendent too failed to get the amount amicably from the party, as directed by you. Steps could not be taken in court for realisation of the balance of Rs. 10 without incurring disproportionate costs in execution of the decree.

(17) *Paragraph* 38—*Defects in maintaining Demand Register*

No remarks The order of Government have been communicated to the Executive Engineer, Water Works

(18) *Paragraph* 39—*Presentation of diamond buttons.*

This relates to the cost of diamond buttons presented to Mr P K. Ghose, Champion Swimmer.

The Secretary reported (16*th September*. 1940):—

Rs 8 is still outstanding on this account Reminders to the Councillors were issued recently.

(19) *Paragraph* 40.—*Irregular advance to Provident Fund.*

This relates to the payment of subscriptions deductable from the salaries of the employees for March together with the Corporation contribution to the Provident Fund in advance in March.

The Manager, Provident Fund reported (16*th August*, 1940):—

Under Rule 10 of the Provident Fund Rules, the Corporation contribution shall be an amount equal to the compulsory subscription of each subscriber and shall be made yearly as at 31st March, except in the case of cessation of service or death when such contribution shall be made upto the date of cessation of service or death. Under this Rule the compulsory subscription of each subscriber, upto 31st March will have to be taken into account for realisation of a corresponding amount of Corporation contribution for the year. The full salary for March becomes due on the morning of 31st March though it is paid in April next. This point will be clear from the fact that if any employee dies after mid-night of the day prior to the last day of any month, the legal heir or heirs of the deceased employee are entitled to get the full pay for the month So the compulsory subscription for March becomes due on 31st March As obviously it is not possible to find out the exact amount of compulsory subscription on that day, an estimated amount of Corporation contribution is taken every year on 31st

March in advance. I am afraid in the face of Rule 10 this procedure cannot be changed unless and until the Rule is amended.

(20) *Paragraph* 43.—*Extra allowance to Midwives.*

This question has already been dealt with in my remarks regarding the final orders of the Government on paras 32 and 54 of the Audit Report for 1934-35 which is now engaging the attention of the Finance Standing Committee.

(21) *Paragraph* 44. *Payment without proper sanction.*

This relates to the payment of a sum of Re. 1-8-0 per month to a Durwan for collecting Death cards at night.

The proposal of the Health Officer for the continuance of the allowance was received by me on 28th November, 1940 and has been separately sent to the Secretary for placing the item before the Corporation through the Services Standing Committee No. II.

The matter was placed before the Committee under orders of the Chief Executive Officer.

Extract from the Proceedings of the Finance Standing Committee dated the 6th January, 1941.

(1) Para (3)—*Previous reports*—The Committee decided to make no remarks.

(2) Para 8 (b)—*Cash in hand with the Treasurer*:—

The Chairman said that they should make it clear to the Government that the money collected on the night of the 31st March was put in the Treasury on the 1st April, as it was not possible to deposit the money in the Treasury on the 31st although the Treasury was kept open on the 31st March till 2 a.m.

In reply to Mr. Ispahani, the Chief Accountant said that it was risky with the Bailiffs to come to the office late at night with cash money.

The Special Officer said that the expression "morning collection" was misleading. As a matter of fact the collection was made on the 31st March

The Chairman suggested that they might ask the Secretary and the Chief Accountant to draft a note for the Government explaining the position on the above lines.

The Committee agreed.

(3) *Para* 10 (d)—*Advance.*

The Chairman suggested that they might wait for submission of up-to-date reports, which had been called for by the Committee.

The Committee agreed.

(4) *Para* 12—*Stores, result of verification*—

The Executive Engineer, Water Works said that the accounts regarding the steel pile bills, which was the most important, had since been finished and complete accounts had been sent to the Government Auditors. Only some minor bills remained to be done which would be finished in a fortnight's time.

The Chairman asked the Executive Engineer, Water Works to submit a written report confirming his above statement.

(5) *Para* 13—*Workshops—Accounts of cost of manufacture*

On the suggestion of the Chairman, the Committee agreed that the matter should be referred to the Workshop Enquiry Special Committee for their consideration.

(6) *Para* 14—*Deposits—Correctness of balance not proved*—No remarks.

(7) *Para* 15—*Want of precaution against double refund of consolidated rate*:—

The Chairman suggested that they might reply in terms of the Assessor's note.

The Committee agreed.

(8) *Para* 21—*Continued remission of rates on vacant lands in disregard of proviso to Section* 151:—

The Offg. Secretary said that they had been asking the Government for amendment of the Section, for nearly 3 years but nothing had yet been done.

The Assessor said that if they stopped vacancy remission, the parties might erect a small shed and ask the Corporation to assess it as a shed. That would have the effect of reducing the valuation He put up a note on his point suggesting that this provision should not be enforced, and the Finance Committee recommended that Government should be asked to amend Section 151.

The Chairman suggested that they might ask the Assessor to submit a report explaining clearly the position and they might incorporate that report in their reply to Government.

The Committee agreed.

(9) *Para 24—Collection Department—Lack of supervision over outstanding bills.*

The Chairman suggested that they might reply to the Government in terms of the Collector's note.

The Committee agreed.

(10) *Para 25—Notice of demand and warrant fees*—

The Chairman said that this was a matter which concerned the Chief Executive Officer and he suggested that the Chief Executive Officer might be requested to send his reply to the Corporation

The Committee agreed.

(11) *Para 27—Health Department Assessment made Section 175 but not under Section 386*:—

The Chairman suggested that they might approve of the amendments suggested by the Chief Law Officer to Art. 28 of the License Manual.

The Committee agreed.

(12) *Para 29 (a)—Law Department—Heavy outstanding* No remarks.

(13) *Para 31—Loss due to want of timely action*:—

The Chairman said that in this case, they should call for a report from the Special Officer suggesting better procedure so that in future there might not be any loss of Corporation revenue

The Committee agreed.

The Chairman suggested that they might postpone consideration of the other paragraphs for up-to-date reports from the Departments concerned showing the position as changed since the report of the Chief Accountant.

The Committee agreed.

Resolved—

That further consideration of the matter be postponed till next meeting.

Extract from the Proceedings of the Finance Committee dated 23rd January, 1941.

14 FINAL ORDERS OF THE GOVERNMENT ON THE AUDIT REPORT FOR 1936-37—The Committee were asked to consider the final orders of the Government on the Audit Report for the year 1936-37 as per their letter No. 48-T.M., dated 25th May. 1940.

The Committee on 6th January, 1941, disposed of some of the points raised by the Auditor and postponed further consideration for Departmental reports and up-to-date information

Further report of Chief Accountant dated 13th January, 1941 *regarding para* 10 *(d)—Advance*:—

The Finance Standing Committee at their meeting held on 30th September, 1940 directed the Chief Engineer and the Heads of other Departments concerned to report to the Corporation through the Finance Committee and the Chief Executive Officer on all cases of advances lying unadjusted early in January, 1941, stating reasons in each case. The direction given by the Finance Committee was communicated by you to all Heads of Departments as per Circular No. 125 dated 29th November, 1940. I have not however received the reports of all the Departments as yet. The total amount outstanding on 30th November, 1940 on account of unadjusted advances was Rs. 60,59,200. The reports received from the Water Works Department (partial), Health Department, District

Engineer I and District Engineer II are being dealt with by this Department for submission to the Finance Committee through the Chief Executive Officer.

Further report dated 8th January, 1941 of the Executive Engineer, Water Works regarding para 12:—

The accounts of the steel sheet piles had been completed and sent to the Government Auditor The accounts for the other articles will be completed within a fortnight.

Suggestion of the Collector dated 13th January, 1941 and the Chief Executive Officer regarding para 25:—

The suggestions of the Government Auditors cannot be accepted on the following grounds:—

1. The receipt from Notices of demand and Warrant fees amounts to Rs. 5,000 to Rs. 6,000 only.

2. The challans used for them will number more than 20,000.

3. Regular checking of all these challans will involve huge labour which is hardly proportionate to the receipt therefrom

4. A strict account of all the forms both used and unused has to be kept involving again huge labour.

5. The present system of acknowledging notices of demand fees on the original bill serves as an effective check on the conduct of the bailiffs. The receipted bill being a permanent record, any fraudulent non-deposit or short deposit of notices of demand fees is likely to come to light in course of future transactions. If the fees are acknowledged on separate receipts, there is hardly any chance of detection in future.

6. The system, if introduced, will surely necessitate an additional staff as a regular account will have to be maintained in each division as in the case of rate-bills.

7. Our chief problem now is to reduce the number of the outstanding bills. If that can be achieved, such problems will automatically solve themselves

In view of these I do not think it to be judicious to introduce the system as desired by the Government Auditors.

Remarks of the Chief Executive Officer:—

I am afraid I have to agree to the views expressed above. It will no doubt be a good thing if we could accept the suggestions of the Auditors. But this will mean additional expenditure which I do not feel justified in recommending. The protection that we shall obtain will not be got at a heavy cost. The existing arrangement may therefore be allowed to continue.

The Assessor's further report dated 8th January, 1941, regarding para 21:—

A list of all vacant lands in the City was prepared and placed before the Finance Committee, who resolved on the 20th of December, 1937, that in the opinion of the Committee there was no necessity for the proviso to Section 151 of the Act and that Government be approached to amend the Section. The said resolution of the Finance Committee was confirmed by the Corporation at their meeting held on the 21st of January, 1938, and a letter was accordingly sent to the Secretary to the Government of Bengal, Department of Public Health and Local Self-Government, for taking necessary action regarding amendment of the Act.

There are various difficulties in working out the proviso into practice. On account of the existence of the "special circumstances" as laid down in the Act, the proviso can hardly be applied to the following amongst other lands

(1) Tank-filled lands.

(2) Lands in the midst of mill area

(3) Lands which are under a Scheme of the Calcutta Improvement Trust, or the Corporation.

(4) Lands under litigation.

(5) Marshy lands.

(6) Lands owned by minors.

(7) Tanks (lands covered with water).

(8) Lands not suitable for building sites.

Again, the special circumstances may vary at any time or they may crop up afresh. Departmental enquiries in these cases have to be made every quarter to find out whether the special circumstances have ceased to exist. This means an enormous increase of work.

It would not be practicable for the Committee to settle these points for all the Wards at one time. Besides, things may change in many cases by the time when the lists which were compiled by the Department earlier, are put up before the Committee, on obtaining the opinion of the Building Department.

It may be pointed out here that the C. I. T. lands which form more than half of vacant lands in the city are exempt from the operation of this Section, as it has been held that the Trust cannot build over a land in their possession. The Port Commissioners' lands being assessed under one number, under the Calcutta Port Act, the Section is not applicable; also in regard to Railway lands, no vacancy remission is allowed for lands used as permanent ways or for borrow pit lands. Thus, the lands which come under the purview of this Section are those in which "special circumstances" do not exist and which are not C. I. T. lands.

On a careful reading of the Section, I find that there are loopholes by which a party can avoid the operation of this Section altogether. For instance, a party may erect a small structure on the land and get the description of the premises changed, thereby entitling himself to the vacancy remission for more than three years. He may demolish the structure after sometime and get vacancy remission on submitting a fresh notice of vacancy, the description of the premises being changed as land again.

Letters were written to the Secretaries of Bombay and Madras Corporations as per Committee's direction dated the 31st of May, 1937.

Reply from the Secretary, Corporation of Bombay, was as follows:—

With reference to your letter No. A/4524, dated the 3rd July, 1937, I have the honour to state that under Section 140 of the City of Bombay Municipal Act, buildings and lands in the City are assessable to property taxes which are three in number, *viz.*, General Tax, Water Tax and Halalkhor Tax. Only General Tax is, however, levied in respect of vacant lands as water and Halalkhor services are not generally rendered to them. Refund on account of vacancy in respect of buildings and lands is admissible subject to compliance with the provisions of sections 174 to 179 of the Municipal Act a print whereof is enclosed for information. It will be seen that in the City of Bombay Municipal Act there is no authority to refuse refund on account of vacancy irrespective of the number of years for which the lands remain vacant.

The Madras Corporation in their Revenue Department Letter No. 32157, dated 4th December, 1937, have sent a copy of Sections 105 and 108A of the Madras City Municipal Act IV of 1919, as amended by Madras Act X of 1936, which correspond to Sections 151 to 153 of the Calcutta Municipal Act from which it appears that in the Madras City Municipal Act there is no provision for the stoppage of vacancy remission after the lapse of any definite period of vacancy as contemplated in the Proviso to Section 151 of the Calcutta Municipal Act.

In view of the above and also in view of the fact that the enforcement of the proviso will tell upon the sales of lands by the Calcutta Improvement Trust and which may affect adversely the land value of the City as well as the rental value of lands on which small tiny structures are built, it is submitted for consideration if the proviso should be enforced at all.

Paragraph 8(b)—Cash in hand with the Treasurer.

The Assistant Secretary said that this question was discussed at the last meeting and the Committee directed the Chief Accountant to prepare a note on the lines of the discussion and place it before them for their approval.

The Chief Accountant said that he had discussed the matter with the Collector and the Treasurer and the note was under preparation.

Mr. D. J. Cohen suggested that the note after it was completed might be put up before the Chairman for his approval and then included in the resolutions to be placed before the Corporation for approval to the replies to be sent to the Government.

The Committee agreed.

Chief Accountant's note regarding para 10, as approved by the Chairman, is as follows:—

The so-called "Morning Collections" of 1st April, are really a portion of the amounts collected by the officers of the Corporation on the 31st March, which come actually into their hands on that date but for lateness of receipt, cannot be deposited into the Treasury on that date. As a matter of fact, the Treasurer's Department receives money from the Bailiffs and others concerned upto about 6 p.m. of 31st March, but even then they fail to take in the entire amount of collections made by all the officers, and the subsequent preparation and reconciliation of accounts of the Treasury and Collection Departments continue till the early hours of the morning of the next day. It would be extremely risky to keep the Treasurer's Department engaged in receiving money for any later hour without giving them sufficient time to reconcile their own accounts as in that case it may not be possible at all for the Treasurer to remit the collections to the Bank on the 1st of April. Experience shows that the amounts that the Treasurer's Department receive upto about 6 p.m. are quite sufficient to keep them engaged up to 2 a.m. or even later in preparing and reconciling their own accounts.

The rest of the late collections of 31st March collected after 6 p.m. and remaining with the officer's oversight termed as "Morning collections" is received by the Treasurer's Department on the morning of 1st April. These are, however, duly remitted to the Bank on the 1st of April along with the other collections of 31st March.

The amounts in question having thus been actually received by the Corporation through a number of their officers on the 31st March and the corresponding demand of the Corporation having been fully satisfied thereby, we would be giving an artificial shape to our Accounts by carrying these collections to the accounts of the next year as suggested by the Government Auditors.

It must be remembered that the collections made on the 30th of March and brought into the Treasury on the 31st March are sent to the Bank on the 1st of April. It is not clear as to what harm there will be if the collections for the 31st of March are brought into the Treasury on the 1st of April and sent to Bank the same day.

Paragraph 10 (d)—Outstanding advances.

The Chairman said that they had recently passed a resolution on this matter and in pursuance of that resolution reports had been received from several Departments. These replies were now being considered by the Chief Executive Officer.

Paragraph 12—Stores, Result of verification.

The Chairman said that the Executive Engineer, Water Works reported that the work would be finished by the end of this month (January).

Paragraph 21.—Remissions in contravention of proviso to Sec. 151.

The Chairman said that the matter had been dealt with several times by this Committee and the Corporation and they had decided every time that the proviso was unnecessary and impracticable and Government have been requested time and again to move the legislature to amend Section 151 accordingly, the last resolution of the Corporation dated the 15th January, 1941 arose out of Government orders on para 26 of the Audit Report for 1935-36.

The Assessor's report sets out in detail the difficulties standing in the way of enforcing the provisions of the Section and it has been made abundantly clear that such enforcement was not only impracticable but was likely to affect the Revenues of the Corporation adversely rather than favourably.

The Asstt. Secretary stated that the matter had been gone into by the Finance Committee very thoroughly on 20th December, 1937: from

enquiries it was learnt that neither the Bombay nor the Madras Municipal Acts contained any provision on these lines and that this proviso was framed when the Calcutta Municipal Act of 1923 was enacted, as a safeguard against speculation in land which was rampant at the time.

Chairman: We may re-affirm our previous resolution and draw Government's attention to the points explained in the Assessor's report.

The Committee agreed.

Paragraph 25 Notice of Demand and Warrant Fees.

The Committee accepted the remarks of the Collector as endorsed by the Chief Executive Officer.

Paragraph 31 Loss due to want of timely action.

The Chairman in this connection placed the following report of the Special Officer before the Committee:—

The Special Officer reported dated 17th January, 1941, as follows:—

A Register of dishonoured cheques is maintained by the Treasurer in which is entered each cheque as it is returned by the Bank. When a cheque is subsequently made good, a note is made in the Register.

This Register is closed quarterly and the outstanding items are carried forward to the next Quarter's Register.

There is an annual verification of the outstandings in the Treasurer's Register with the list of dishonoured cheques prepared by the Accounts Department as referred to below.

The Treasurer sends promptly from day to day each dishonoured cheque to the Department which collected it. He also sends to the Accounts Department about twice a month an advice in duplicate of these dishonoured cheques. The Accounts Department sends one copy to the Department concerned, the other being submitted to the Chief Executive Officer from time to time with a report, if any, of the cheques which have since been made good.

A Register of Dishonoured Cheques is maintained in the License Department but it is a running record and there is no system of closing it or preparing a periodical outstanding list.

I have discussed the matter with the License Officer. He will have the Register closed quarterly so that he may effectively review the outstandings. He also said that a Card Index would be a better way for an effective check on his part.

A Register is maintained in the Collection Department and it is closed whenever a new Register has to be started. I have discussed the matter with the Collector and he has agreed that the Register should be closed quarterly, and an outstanding list should be prepared and reviewed by him.

The Water Works Department maintains a Register but it cannot properly be called a Register of Dishonoured Cheques inasmuch as in it are entered only those of the dishonoured cheques as are subsequently made good. I have discussed the matter with the Executive Engineer, Water Works and he has directed the clerk concerned (Cashier) to change the system and to open a Register proper with an outstanding list. The clerk said that at present there was no outstanding list as such but he had actually 3 cheques outstanding in his hands.

I have not examined the matter with reference to any other Department

When a cheque comes back to the Department which collected it, a letter of Demand is issued. If this letter fails to have the desired result, the Law Department is asked to start legal proceedings. For criminal proceedings, the only duty of the Law Department is to nominate a Lawyer in whose hands the matter is to be placed, the Department being required to do the rest, unless, of course, some legal difficulty crops up, when the Chief Law Officer renders assistance.

The Law Department maintains a "Register of Criminal Proceedings." This Register is virtually a Register of Dishonoured Cheques isasmuch as there are very few other criminal proceedings.

The real onus of following up a dishonoured cheque rests as it should rest, on the department which collected it.

In order to prevent the risk of any dishonoured cheques being lost sight of, it is necessary that each Department should close its Register systematically every quarter and that the Head of the Department should review the outstandings and sign the Register in token of his review.

I suggest also that a quarterly list of outstanding dishonoured cheques should be submitted by the Chief Accountant to the Finance Standing Committee. This will not involve any great extra work inasmuch as the Accounts Department does prepare every month, as an adjunct to the monthly account, a list of outstanding dishonoured cheques, or short recoveries (*e.g.*, commission on non-clearing banks) on cheques. This list should be placed before the Committee in the third month of the following quarter (1st quarters' list in the 1st week of September and so on).

By the time the list is actually placed before the Committee, a large number of items will have been made good.

The list of Dishonoured Cheques at the end of November, 1940, as prepared by the Accounts Department for the monthly account for that month will be laid on the table. It will be noticed that there are many items (some pertaining to the year 1924) which require to be written off. The departments concerned may be directed to submit proposals accordingly within a specified period. It will probably be found that in some cases full and satisfactory explanation will not be forthcoming. Without minimising the irregularity, I venture to suggest that the amounts cannot but be written off. The amounts after all are not large compared with the annual turn over And once we start with more or less a clean slate, it will not be difficult to fix responsibility for future defaults, if any

The Special Officer said that mainly there were three Departments which collected money, *viz.*, the Collection, the License and the Water Works Departments. He had a talk with the Heads of these Departments so far as dishonoured cheques were concerned, and he had made certain suggestions as embodied in his note. What he suggested was that the Register of dishoured cheques which was being maintained by each of these Departments should be periodically closed with a list of outstandings which would enable the Head of the Department to review the list and find out if there was any delay in following up any dishonoured cheque. In order to afford an opportunity to this Committee of reviewing the outstandings he also suggested that the list of dishonoured cheques which is now being prepared by the Accounts Department every month might be placed before them every third month. This would serve as a deterrant against delay on the part of the Department in dealing with dishonoured cheques.

Mr. D. J. Cohen said that what he missed from the report of the Special Officer was a suggestion to strengthen the hands of the Department in case of dishonoured cheques being made good within a specified time. For instance, should they not say that in case a party failed to make good a dishonoured cheque within say, a fortnight or a month the matter should be put to the court without any further reference to him?

The Special Officer said that if his suggestions were acted upon it could be reasonably expected that before the list came up to the Committee all necessary action had been taken by the Department concerned.

The Chairman said that the suggestions of the Special Officer as embodied in his report might be accepted and a direction might be given to various Departments to put up a complete list of outstanding dishonoured cheques before the Committee for their consideration as early as possible.

The Committee agreed.

Paragraph 33—Delay in taking steps followed by cancellation.

In reply to the Chairman, the License Officer said that as regards the assessment of dogs, the difficulties in the first place were that the staff was too inadequate for the purpose and secondly, as the lethal chamber had not yet been constructed the proposed system of seizing unlicensed dogs cannot be given effect to.

In reply to the Chairman, the License Officer stated that some dog catchers and other staff required for the home had been appointed and were undergoing training.

Mr D. J. Cohen Let us have a report from the License Officer as to (i) the present staff engaged for the Dog's Home·

(ii) the nature of duties assigned to them; and (iii) the work actually performed by the staff.

The License Officer should also report as to the desirability of continuing the present staff until the lethal chamber has been actually put into operation.

The Committee agreed

Chairman: As regards the Auditor's remarks, let us say this: The collection of license fees cannot be properly enforced until a Dog's Home and all arrangements in connection therewith are in working order. The Committee are giving special attention to this.

As regards the cancellation of wrong demands the Committee are unable to agree that further sanction is necessary when the court holds them to be wrong demands. This question was thoroughly examined in connection with para (23) of the Audit report on the Accounts for 1938-39.

Paragraph 34 - Markets, rents not received in advance in all cases.

The Committee understand that the Public Utilities and Markets Committee have taken suitable action against defaulters.

As regards rents in advance the Committee feel that it is not always feasible and the statements which are now placed before the Committee indicate that the Departments are alive to the requirements of the Market Manual and the bye-laws are substantially being followed

Paragraph 36--Stall No. 78 of the Park Circus Market.

The Special Officer explained that the circumstances were quite exceptional in as much as the market had not begun to function on a regular scale at this time and customers were few. At that time the Department were trying to let out the vacant stalls of which there were many and it appears to have been felt that in the interest of the Corporation the few stalls which had been taken up should not have been declared "vacant" which would discourage prospective lessees.

The Committee accepted the departmental reports.

Paragraph 38- Defect in maintaining Demand Register.

The Committee understand that effect has been given to the suggestion of the Auditor.

Paragraph 39-- Presentation of Diamond buttons.

The Committee understand that steps are being taken to realise the outstanding.

Paragraph 40. -Irregular Advance to Provident Fund.

The Committee accepted the departmental report and after hearing the Special Officer, decided that the present procedure should continue in view of Rule 10 of the Provident Fund Rules and the long continued practice which has been in vogue having been started by a reputed firm of Auditors.

Paragraph 43—Extra Allowance to Midwives.

The Assistant Secretary stated that the views of the Corporation were very fully stated in their resolution dated 8th June, 1938, which were communicated to Government on the 9th September, 1938.

In reply to the Chairman, the Chief Accountant stated that payment had remained in abeyance for a long time on account of this audit objection.

The Committee decided to re-iterate their previous resolution and directed the department to bring up an item for the payment of arrear allowances.

Paragraph 44—Payment without proper sanction.

The Assistant Secretary informed the Committee that an item had been placed before the Services Committee No 1 for formal sanction to this allowance, and that Government may be informed accordingly.

The Committee agreed.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 48 T. M. dated 25th May, 1940, be given effect to subject to the following directions and remarks:—

Re. Para 8 (*b*) -

That the Corporation maintain that the procedure they have been following for decades is the correct one as will be found from the Chief Accountant's note explaining in detail how the collections on the 31st March, are dealt with: it would appear that the whole issue has been clouded by the term "morning collections" and it has been assumed by the Auditors that this money is collected during the morning of the 1st April, which is not the real fact. The collections are actually made by the officers of the Corporation late in the evening of the 31st March, too late to be deposited and accounted for in the Treasury along with the collections of the 30th and the earlier part of the 31st. Similar late collections made on any other day, are deposited and accounted for in the Treasury a day later as it is not considered necessary to make a special treatment of them except for the purpose of closing periodical accounts.

The annual accounts would not give a realistic picture of the actual state of affairs of the Corporation if an integral part of the "de facto" collections made in one year, is credited to the following year's account, particularly when there is not the slighest difficulty in crediting it to the proper year's account. The Corporation regret that they cannot accept the Auditor's view and request the Government to vacate their orders dated 27th April, 1940.

Re. Para 10 (*d*):—

(i) *That the Government be informed that the list of outstandings upto 31st March, 1937, under heads "Cost of works done in default of others" submitted by the Chief Accountant are now engaging the attention of the Finance Committee.*

(ii) *That the Departments concerned should strictly adhere to the directions given by the Corporation on 8th June,* 1938, *for adjustment of advances within 5 years from the date of the advances in ordinary course*

Re. Para 12: -

That the Government be informed that Executive Engineer, Water Works has been directed to complete the adjustment of accounts by 31st January, 1941.

Re. Para 14:—

That the Government be informed that a separate register has already been started in the Collection Department.

Re. Para 15:—

That the Government be informed that the Valuation List is not a complete document as the Assessment Registers are; the Valuation List of a Ward is a complete document only on the date when the revaluation of the particular Ward is completed Subsequent changes, e.g., cases of reduction under Section 146 of the Act, increase or decrease in valuation made on intermediate revaluations or creation of new numbers on separation, during the six yearly period, are not incorporated in this List

Having regard to the facts stated above, the present practice of checking the cases of double refund through the Registers maintained under Paras 345 and 350 of the Assessment and Collection Manual is the best that can be done.

Re. Para 21:—

That the Corporation re-affirm their resolution dated 15th January, 1941, requesting the Government to amend the Section (151 of the Calcutta Municipal Act) by deletion of the proviso with retrospective effect. This proviso was introduced for the first time when the Act was revised in 1923 and it was considered necessary because there was a land boom in Calcutta at the time and speculators were trying to hold on to land in order to force up prices. Conditions having changed since then, the utility of this proviso no longer exists, this was realised as far back as 1937, and on enquiries made from the Corporations of Bombay and Madras, it was ascertained that no such provision existed in the Municipal Acts of those Cities. In the light of the above, the Corporation on the 21st January, 1938 *resolved that there was no further necessity for this proviso and in the letter No. S. 6554, dated 29th January,* 1938, *Government were requested to move the Legislature to amend the Section by deleting the proviso.*

As has been fully explained in the Assessor's report, there are difficulties in the way of giving effect to the proviso to Section 151 *and even if it could be done, an enforcement of the provisions would have an adverse effect on the revenues of the Corporation.*

Re Para 24

That the attention of Government be invited to the note of the Collector which fully explains the practical difficulties standing in the way of giving effect to the orders referred to and that Government be requested to vacate their orders dated 19*th January*, 1938, *in this respect*

Re Para 25

Resolved—

RESOLUTION No. 1556.

That the orders and suggestions of Government as per their letter No. 48 T. M. dated 25th May, 1940, be given effect to subject to the following directions and remarks:—

Re. Para 8 (b)—

That the Corporation maintain that the procedure they have been following for decades is the correct one as will be found from the Chief Accountant's note explaining in detail how the collections on the 31st March, are dealt with; it would appear that the whole issue has been clouded by the term "morning collections" and it has been assumed by the Auditors that this money is collected during the morning of the 1st April, which is not the real fact. The collections are actually made by the officers of the Corporation late in the evening of the 31st March, too late to be deposited and accounted for in the Treasury along with the collections of the 30th and the earlier part of the 31st. Similar late collections made on any other day, are deposited and accounted for in the Treasury a day later as it is not considered necessary to make a special treatment of them except for the purpose of closing periodical accounts.

The annual accounts would not give a realistic picture of the actual state of affairs of the Corporation if an integral part of the "de facto" collections made in one year, is credited to the following year's account, particularly when there is not the slighest difficulty in crediting it to the proper year's account. The Corporation regret that they cannot accept the Auditor's view and request the Government to vacate their orders dated 27th April, 1940.

Re. Para 10 (d):—

(i) That the Government be informed that the list of outstandings upto 31st March, 1937, under heads "Cost of works done in default of others" submitted by the Chief Accountant are now engag- the attention of the Finance Committee.

(ii) That the Departments concerned should strictly adhere to the directions given by the Corporation on 8th June, 1938, for adjustment of advances within 5 years from the date of the advances in ordinary course.

Re. Para 12:—

That the Government be informed that Executive Engineer Water Works has been directed to complete the adjustment of accounts by 31st January, 1941.

Re. Para 14:—

That the Government be informed that a separate register has already been started in the Collection Department.

Re. Para 15:—

That the Government be informed that the Valuation List is not a complete document as the Assessment Registers are; the Valuation List of a Ward is a complete document only on the date when the revaluation of the particular Ward is completed. Subsequent changes, e.g., cases of reduction under Section 146 of the Act, increase or decrease in valuation made on intermediate revaluations or creation

of new numbers on separation, during the six yearly period, are not incorporated in this List.

Having regard to the facts stated above, the present practice of checking the cases of double refund through the Registers maintained under paras 345 and 350 of the Assessment and Collection Manual is the best that can be done.

Re. Para 21.

That the Corporation re-affirm their resolution dated 15th January, 1941, requesting the Government to amend the Section (151 of the Calcutta Municipal Act) by deletion of the proviso with retrospective effect. This proviso was introduced for the first time when the Act was [illegible] in [illegible] and it was considered necessary because there was a land boom in Calcutta at the time and speculators were trying to hold on to land in order to force up prices. Conditions having changed since then, the utility of this proviso no longer exists; this was realised as far back as 1937, and on enquiries made from the Corporation of Bombay and Madras, it was ascertained that no such provision existed in the [illegible] Acts of those Cities. In the light of the above, the [illegible] on the [illegible] January, 1938 resolved that there [illegible] this [illegible] letter No. S. 6551, [illegible] 1938, Government were requested to move the [illegible] the Section by deleting the proviso.

[illegible] the Assessor's report there are difficulties [illegible] way of giving effect to the proviso to Section 151 and [illegible], an enforcement of the provisions would have [illegible] effect [illegible] the revenue of the Corporation.

Re. Para 24

That the attention of Government be invited to the note of the Collector which fully explains the practical difficulties standing in the way of giving effect to the orders referred to and that Government be requested to vacate their orders dated 19th January, 1938, in this respect.

Re. Para 25:

Re. Para 33:

(a) That the Corporation find that the collection of dog-license fees cannot be materially increased until all arrangements in connection with the scheme for seizing and detaining unlicensed dogs in a Home provided by the Corporation, are completed; the Finance Committee are giving special attention to this matter.

(b) That the Corporation are of opinion that sanction of the Corporation under Section 213 is not necessary to write off demands which have been held by a competent Court of Law as "wrong demands," and prosecutions have been dismissed.

(ii) That the Government be informed that the occupier of stall No. 34K S. S. Hogg Market having failed to pay the prescribed rents has been removed by the Public Utilities and Markets Committee and the stall was declared vacant from 1st January, 1940.

The case was further complicated by the fact that the holding was in the name of a lady.

Re. Para 40:

The Corporation are of opinion that the present procedure should continue, in view of rule 10 of the Provident Fund Rules and the long continued practice which has been in vogue, having been started by a reputed firm of auditors, and that the Government be requested to reconsider the decisions already given by them in the matter.

Re. Para 43:—

(i) That the grounds on which the Corporation disagreed with the Auditors on this subject and for which they were unable to give effect to the orders of the Government, were fully explained in the Chief Executive Officer's letter No. S. 4[illegible], dated 9th September, 1938, to which the attention of the Government be invited and the Government be requested to vacate their orders dated 10th March, 1937.

That Government be informed that the sanction of the Corporation has been applied for and is shortly expected, to regularise the grant.

The resolutions of the Corporation were communicated to Government in Chief Executive Officer's letter No. S/796, dated 30th March, 1941 *and to the departments concerned as per Secretary's Circular No.* 25 *of* 1940-41.

Extract from the Proceedings of the Corporation Meeting dated 22nd January, 1943.

14. FINANCE COMMITEEE RECOMMENDATION.—The Corporation were asked to confirm the following recommendation of the Finance Standing Committee dated the 11th August, 1941:—

2. LETTER FROM GOVERNMENT REGARDING AUDIT REPORT FOR 1936-37.—The Committee were asked to consider the following letter No. 1847M dated the 23rd September, 1941, from the Secretary to the Government of Bengal to the Chief Executive Officer, Corporation of Calcutta, in connection with the Audit Report for the year 1936-37.

Relevant portions of the Corporation resolution dated 28th March, 1941 is reproduced below:—

* * * *

With reference to the correspondence resting with your letter No. S. 796, dated the 30th May, 1941, regarding the audit report on the accounts of the Corporation for the year 1936-37, I am directed to state as follows:—

***Paragraph* 8.—Cash in hand (with the treasurer)—Government order communicated with letter No. 48 T.M., dated the 25th May, 1940 laid down the correct procedure and sufficient reasons have not been advanced by the Corporation, why the order should be vacated.**

Paragraph 25—Notice of demand and warrant fees—As the Corporation are not in favour of accepting the suggestion of the auditors, they may be requested to suggest any alternative method, if possible

Paragraph 40—Irregular advance to Provident Fund under rule 10 of the Provident Fund Rules, referred to, the contribution of the Corporation is to be an amount equal to the compulsory subscription This latter amount depends on the actual amount deducted from the subscriber's salary during the 12 months from April to March *i.e.*, in respect of salaries for March to February There should, therefore, be no occasion under the rules to proceed on any estimate of the amounts payable in respect of salary for the last month, as is being done by the Corporation In view of the position stated above, Government do not see any reason to modify their previous order on the point

Paragraph 43—Extra allowances to Midwives Necessary orders will be issued separately

2. I am to request that the submission of reports called for in respect of paragraph 12 (Stores—result of verification) and paragraph 13 (workshop—accounts of cost of manufacture) may be expedited

Chief Accountant's report dated the 20th May, 1942

This relates to the final orders of Government on the Audit Report for 1936-37 as per their letter No 48 T M dated the 25th May, 1940 These final orders of Government were considered by the Corporation on 28th March, 1941 when they accepted the orders of Government in some cases and passed necessary remarks or orders in other cases The resolutions of the Corporation dated the 28th March, 1941 were communicated to Government as per Chief Executive Officer's letter No 7.36 dated the 30th May, 1941.

The points referred to in the Government letter under reference are dealt with para by para below

Paragraph 8—This relates to the method of accounting for the so-called morning collection of 1st April The question was dealt with by us many times in our replies to the Audit Reports of previous years.

The orders passed by Government in this connection as per their letter No 48 T M, dated 25th May, 1940 run as follows

"The attention of the Corporation is invited to paragraph 2 (3) of the Government Order No 19 T M, dated the 27th April, 1910 in which it has already been stated that the collections up to the evening of the 31st March of any year should be remitted to the Corporation Treasury on the same day and that the morning collection on the 1st April should be accounted as collections of arrear rates of the previous year."

In our previous replies we have repeatedly pointed out that these amounts are collected by our officers on the 31st March or before the close of the passing year and not on the morning of 1st April of the new year. There is therefore no justification for treating these amounts as collections of arrear rates of previous year and we would be giving an artificial shape to our accounts by showing these as collections of the following year Further, in that case, the parties paying the amounts will have to be classed as defaulters in the account of the passing year for no fault of theirs

As regards the other point in Government orders *viz.*, "the collection up to the evening of 31st March of any year should be remitted to the Corporation Treasury on the same day" our experience shows that it is physically impossible for the Treasurer's Department to receive the entire amount of collections of 31st March on that day and reconcile their accounts with those of the Collection Department in time for the entire collection to be sent to the Bank next morning.

A portion of the collections of 31st March thus necessarily remains overnight with the collecting officers and is received by the Treasurer's Department in the early hours of 1st April.

The entire collection of 31st March whether taken charge of by the Treasurer's Department on 31st March or in the early hours

of the following day, is however remitted to the Bank on the 1st April in one instalment, a procedure which would necessarily have been adopted even if the entire amount could have been taken charge of by the Treasurer's Department on 31st March.

Evidently the method followed by us is the only correct method of accounting that could be adopted in the circumstances of the case. The method, insisted upon by the Auditors is incorrect, inasmuch as it suggests that the collections made in one year should be shown in the accounts of the following year. The term " morning collections of 1st April " as used in this case appears to have misled the Auditor and we have decided not to use this term in future. In view of the above and the peculiar circumstances of the Corporation, Government may be requested to vacate the orders previously passed by them.

Paragraph 25—This relates to the suggestion of the Auditors that separate machine numbered receipt forms with counterfoils should be used by the bailiffs when fees in respect of notices of demand or warrants are collected.

The Collector reports:—

** The existing practice is all right and should be allowed to continue. The attention of the Government may again be drawn to the Corporation resolution dated 28th March, 1941 wherein it has been directed that the existing practice be allowed to continue

** Under the present system, if a Bailiff gets the costs remitted by the Collector even after realisation, there is chance of the defalcation coming to light in course of future transactions. The point was dealt with by my predecessor in his note dated 7th March, 1939 to Deputy Executive Officer II, quoted below.

" I have given the matter my fullest consideration and beg to report as follows:—

The present procedure which is in vogue in this department for the last 30 years or more is that fees realised in respect of notices of demand and warrants are acknowledged on the body of the rate bill issued to the party and the same are deposited in the Treasury through Cash challans along with the amount of the rate bills so realised. No remission of costs are made without the previous orders of the Collector or Assistant Collector except in cases where such remissions on the spot of collection are considered by the Inspectors concerned to be expedient for facility of collection and in all such cases reports are made to the Collector and his sanction obtained.

The proposal of the Auditors which aims at replacing the present system is to introduce separate machine numbered receipt forms to be used by bailiffs in realising fees. How can this method, I wonder, prevent any dishonest bailiff from swindling if he so chooses? Suppose a bailiff realises Rs. 5 as fees and issues a separate receipt. If he dishonestly puts a wrong figure (*i.e.*, a less amount) in the counterfoil, is there any chance of the defalcation ever coming to light? On the other hand, in the present system, once a bailiff gives acknowledgment on the body of the bill, he will not dare make any defalcation in respect of the sum so acknowledged, inasmuch as there remains the possibility of the paid up bills coming to the notice of Inspectors or office in course of any future transaction, such as refund etc

Now coming to the suggestion, it looks simple on its surface but the working of the same would involve a great deal of additional work, explained below, which my department, which is already overburdened with excessive works due to heavy accumulation of outstandings, can hardly be expected to shoulder, unless an extra staff is sanctioned therefor. There are about 200 bailiffs scattered over the 16 divisions. If the suggestions are accepted, regular accounts, bailiff by bailiff, will have to be kept of the machine numbered forms, to be supplied by the Accounts Department, as in the case of office collection books, and several other account books, etc., stock book, cash book, separate cash challans, Ledger etc., will be required to be started in each Division to ensure proper disposal of each and every form. In other words, a system of accounts almost parallel to that of rate bills will have to be maintained.

There will also be considerable difficulties in dealing with refund if separate receipts are issued. Any way, when the difficulties in connection with the primary work of the department, namely accounts of rate bills involving a question of Two crores of rupees remains still half solved, it will be unwise, I think, to invite another huge volume of work for a petty matter like this which yields an income of about Rs. 5,000 per annum. It will be absurd to burden further the existing staff and still more absurd will it be to approach the Corporation for sanction of an additional staff which this new system, if adopted, will undoubtedly require."

Paragraph 40—This relates to the payment of subscriptions deductable from the salaries of the employees for March together with the Corporation contribution for the same month to the Provident Fund in advance on 31st March of a year instead of on April next of the succeeding year when the salaries for March are actually paid to the employees.

Under Rule 10 of the Provident Fund Rules, the Corporation Contribution shall be an amount equal to the compulsory subscription for any financial year, that is, from April to March, and there is no bar in this Rule that an estimated amount of compulsory subscription shall not be taken into account for realisation of a corresponding amount of Corporation Contribution as pointed out by the Government in their letter No 1847 M, dated 23rd September, 1941. If the present procedure is discontinued and if only the actual amount of Compulsory Subscription received during any financial year is to be taken into account for realisation of Corporation contribution, then there will be no certainty as to how many months' subscription might be taken into account. This point will be clear from the fact that if salaries for the month of February of any year are paid, subject to post audit on any occasion, as is sometimes being done by the Corporation, then the account for that year will have to be closed with the subscription from April to January or from March to January as the case may be, for it will not be possible to audit those pay bills within the next month and no such remittance for the month will be credited to the Provident Fund within the year in question.

This long standing procedure appears to have been introduced originally with the approval of Government Auditors.

Paragraph 14—of the Audit Report for 1920-21 and the replies to that read as follows:—

Auditors' Report.	*Chief Accountant's Report.*
The amount of the Corporation Contribution equivalent to the aggregate subscriptions for the year ending 31st March, 1921 was paid after the 31st March 1921. Under rule 9 of the Provident Fund Rules of the Corporation the contribution has to be paid on the 31st March.	The amount of Corporation Contribution equivalent to the aggregate amount of the compulsory subscriptions to the provident Fund for the year ending 31st March, 1921 as far as could be ascertained on that day was paid on 31st March, 1921 and debited in the Corporation Cash-Journal and Ledger in the account of the year 1920-21. The whole of the amount payable in respect of March 1921 was however not paid on the 31st March 1921 as the exact amount could not be ascertained till all the salary bills for the month which are payable in April had been received. Hence a small balance (Rs. 522) remained unpaid till May, 1921."

The above replies were accepted by the Corporation at their meeting dated the 17th May, 1922 and communicated to Government in Chairman's letter No. S/2110 dated 8th August 1922. The Audit Report file for 1920-21 does not show any further correspondence on this point.

In para 93 of the A. R. for 1931-32, the Auditor raised an objection regarding this long standing procedure but the Accountant-General, Bengal in his letter No. LA. 3517 dated 20th March, 1937 dropped this objection after looking into the replies of the Corporation.

In view of the position stated above Government may be requested to modify their previous orders and to allow the present procedure to continue.

Paragraph 43—No remarks.

The matter is placed before the Committee under orders of the Chief Executive Officer.

The Finance Committee on 3rd August, 1942 resolved that the item be brought up at a Special Meeting to be held on Tuesday, the 11th August, 1942, with up-to-date reports from the departments concerned.

Resolved—

That it be recommended that the departmental explanations furnished in connection with the different paragraphs of the Audit Report for 1936-37 referred to in Government letter No. 1847M dated the 23rd September, 1941 be accepted subject to the following directions and remarks:—

Para 8 (b)—

(i) *That the Collector be asked to record the late collections of 31st March as late collections of that day instead of as "Morning collections" of 1st April next.*

(ii) *That the Committee fully agree with the Chief Accountant that the method of accounting suggested by the Auditors is incorrect and that the Government be requested to vacate the orders previously passed by them for reasons clearly set forth in the Chief Accountant's note.*

(iii) *That the Committee understand that in their further remarks to Para 10 of the Audit Report for 1939-40, the auditors have expressed their views that they are not wrong judging from the strict tenets of Book-Keeping; these further remarks are coming up before the Finance Committee shortly when they will express their further views in the matter for consideration of Government.*

Para 25.—

That in view of the reasons set forth in the reply of the Collector and in view of the fact that the method suggested by the Auditors will entail additional expenditure out of all proportion to the protection that it may afford, the existing arrangement be allowed to continue.

Para 40.—

That in view of the fact that Rule 10 of the Provident Fund Rules allows the present practice of transferring Corporation contribution to Provident Fund on the basis of estimates and the Accountant General, Bengal, after due consideration, on a previous occasion preferred to drop the present objection of the Auditor, the Government be requested to modify their previous orders on the point and allow the existing practice to continue.

RESOLUTION No. 1990-IND.

Calcutta, the 23rd July 1943.

The Bengal Industrial Survey Committee was originally constituted in the old Agriculture and Industries Department resolution No. 10129-Ind., dated the 19th November 1938. It was subsequently reconstituted in that department resolution No. 2173-Ind., dated the 10th June 1942, and additional members have been appointed on it since. This Committee as at present constituted has become unwieldy and has retarded the progress of work. Government also consider that the Committee, which is highly technical in character and whose deliberations will have the most far-reaching effect on the industrial development of the province, should be a small expert body composed mainly of persons prominently associated with the industry of the province and well-acquainted with its economic problems. But the Committee as at present constituted, is not such a body. In view of the considerations set forth above, the Governor is pleased to reconstitute the Committee with the following gentlemen:—

(1) Dr. P. N. Ghosh, PH.D., SC.D., Head of the Department of Applied Physics, University College of Science, Calcutta University, *Chairman.*

(2) Dr. N. N. Law, M.A., PH.D.

(3) Mr. K. W. Mealing.

(4) Mr. M. A. Ispahani.

(5) Mr. A. R. Siddiqui, M.L.A.

(6) Mr. Durga Prasad Khaitan.

(7) Dr. J. P. Niyogi, M.A., PH.D. (Lond.), Minto Professor of Economics, Calcutta University.

(8) Dr. Muhammad Qudrat-i-Khuda, D.SC., Professor of Chemistry, Presidency College, Calcutta.

(9) Dr. J. N. Mukerjee, D.SC.

(10) Dr. H. L. Dey, D.SC.

(11) Mr. S. C. Roy, President of Indian Institute of Insurance.

(12) Mr. S. C. Mitter, B.SC. (Lond.), A.M.I.E. (Ind.), Director of Industries, Bengal.

Mr. D. N. Ghose, M.A., *Secretary.*

2. The terms of reference to the Committee as detailed in the resolution of the 19th November 1938 and subsequently amplified by the resolution of the 10th June 1942, referred to above, stand.

3. The Committee are requested to complete the work already done by the end of the current financial year and to submit their final report with as little delay as possible thereafter.

Order—Ordered that the resolution be published in the *Calcutta Gazette* and copies thereof forwarded to the Chairman and members of the Committee.

Ordered also that a copy of the resolution be forwarded to the (1) Education Department of this Government, (2) Registrar, Calcutta University, (3) Registrar, Dacca University, and (4) Director of Industries, Bengal, for information.

By order of the Governor,
M. K. KIRPALANI, Secy.

Saleable assets of the Trust.—The saleable assets of the Trust do not appear in the Statement of Accounts which shows the progressive total expenditure on the Capital side. A good portion of the land in the possession of the Trust cannot be regarded as saleable assets, as it is intended ultimately for transfer to the Calcutta Corporation in the shape of streets or open spaces. The value of the saleable assets of the Trust as at 31st March 1942, are estimated as follows:—

	Rs. in lakhs.

Loans.—The Balance Sheet on page 2 includes a statement of the loans by the Trust. A statement of the position of the Sinking Funds for the repayment of the loans at 31st March 1942, is on page 23. The total amount of Sterling loans raised to date is £1,050,000 as against which securities in the Sinking Fund Accounts amount, at present valuation, to £624,087, showing an excess of £112,638 over actuarial dues. The total of Rupee loans raised amounts to Rs. 260 lakhs against which securities in the Sinking Fund Accounts amount, at present valuation, to Rs. 53,71,178, showing an excess of Rs. 1,88,484 over the sum actuarially due.

Contingent liability.—No liability is shown in the Balance Sheet for contribution to the Trust Provident Fund which may be deemed to equal the Provident Fund Depositors' Accounts standing at Rs. 6·57 lakhs. This with gratuity money payable to the staff under the required conditions is a contingent liability of the Trust and increases our total liability up to about Rs. 15:00 lakhs.

Expenditure.—The expenditure for the year was Rs. 42·65 lakhs against a budget provision of Rs. 44·76 lakhs. The saving of Rs. 2·11 lakhs was chiefly due to no expenditure on Loan Charges for the proposed loan of 1941-42 for which Rs. 2·43 lakhs was provided against which has been set off an excess expenditure of Rs. 0:67 lakh on Rates and Taxes.

Closing balance.—The closing balance at credit of Revenue Account is Rs. 577·20 lakhs of which a sum of Rs. 507·84 lakhs has been advanced to Capital Account to meet payments in excess of Capital Receipts. The nett balance of Rs. 69:36 lakhs was held as follows:—

Forecast of the Summer Til (Sesamum) Crop of Bengal, 1943-44.

Outturn.—From the District Officers' estimates, the average outturn of the crop for the province works out at 77 per cent. of the normal as against 69 per cent. last year.

Taking the normal yield at 7 maunds per acre, the gross outturn of the crop for the province is estimated at 30,800 tons this year as against 22,100 tons (revised) last year.

Provided that nothing in these Regulations shall affect the liability of an internee to proceedings in a criminal court for a criminal offence:

Provided further that where the act constituting a camp offence constitutes also an offence punishable under the Indian Penal Code with imprisonment for a term exceeding one year, it shall be deemed not to be a camp offence.
